Joint Operational Warfare Milan N. Vego,2009 Smallholder farmers and pastoralists fulfil an invaluable yet undervalued role in conserving biodiversity They act as guardians of locally adapted livestock breeds that can make use of even marginal environments under tough climatic conditions and therefore are a crucial resource for food security But in addition by sustaining animals on natural vegetation and as part of local ecosystems these communities also make a significant contribution to the conservation of wild biodiversity and of cultural landscapes This publication provides a glimpse into the often intricate knowledge systems that pastoralists and smallholder farmers have developed for the management of their breeds in specific production systems and it also describes the multitude of threats and challenges these often marginalized communities have to cope with **MacArthur's Airman** Thomas E. Griffith,1998 Thomas Griffith offers a critical assessment of George C Kenney s numerous contributions to MacArthur s war efforts He depicts Kenney as a staunch proponent of airpower s ability to shape the outcome of military engagement and a commander who shared MacArthur s strategic vision
