**The Player's Power to Change the Game** Anne-Marie Schleiner,2025-10-01 In recent decades what could be considered a gamification of the world has occurred as the ties between games and activism games and war and games and the city grow ever stronger In this book Anne Marie Schleiner explores a concept she calls ludic mutation a transformative process in which the player who is expected to engage in the preprogramed interactions of the game and accept its imposed subjective constraints seizes back some of the power otherwise lost to the game itself Crucially this power grab is also relevant beyond the game because players then see the external world as material to be reconfigured an approach with important ramifications for everything from social activism to contemporary warfare
