Kenrick, Ralph Horsley, 2004-03-01 The Slayer's Guide to Lizardsfolk is a complete resource for a popular creature in roleplaying demonstrating their flexibility for Games Masters and providing a multitude of scenario ideas and extra rules that will keep players guessing even as they

engage in bloodthirsty battle The Slayer s Guide to Lizardfolk covers one of the most used yet least detailed monsters within the game developing a well known creature for Games Masters

**The Slayer's Guide to Titans** Gareth Hanrahan,2003-12-01 Their name has become a synonym for size and might Wielding one of their weapons has become a famous test of strength for mortals Their command of magic both arcane and divine puts all other races to shame Physically they contend with giants and dragons In matters of intellect and scholarship their learning and lore are renowned throughout the world They are the Titans and this is the guide Games Masters and players alike will need when dealing with them Titans as presented up until now are curious anomalies While they are obviously inspired by Greek myth they do not fit into the game as well as other Grecian imports like nymphs or centaurs What are titans Where do they live Any one has the power to challenge a kingdom or shatter a fortress of evil but they rarely act for the good they claim to cherish Why Who rules the titans This book attempts to answer these questions Herein you will learn the secret histories and destiny of the Titan race You will learn how they fight and why You will learn how to battle them but even in The Slayer s Guide to Titans we make no guarantees about killing them Even the Gods failed at that task
