*Digital Nomads. How the era of digitalization creates alternative lifestyles* Lisa-Marie Wagner, 2020-06-18 Bachelor Thesis from the year 2020 in the subject Business economics Business Management Corporate Governance grade 1 6 language English abstract In this paper the phenomenon of digital nomadism in permanent employment is presented In general digital nomads are characterized by their independence of location their employment in the digital space and common values Most of them are freelancers and entrepreneurs but also employees who are part of this movement want to leave the conservative concept of normal employment and break new ground First the changes in the business world and the emergence of digital nomadism were presented in this paper Due to a lack of literature guideline based expert interviews were conducted to gain insight into the opportunities and risks of the multi local lifestyle concept for employees and companies In addition the framework conditions for companies and digital nomads required by this work and life concept were examined and presented in detail Such a framework condition can mean for example the adaptation of processes and leadership There are also differences between completely remote companies and only partially remote companies which can lead to a split company structure In this context the similarities and differences between traditional telework and digital nomadism in permanent employment were also examined These are similar for example regarding the technical prerequisites that should be created in companies and the changed communication In addition there are challenges and opportunities that arise from the travel component and the nature of digital nomadism such as negatively impaired processes due to time differences or certain characteristics and experiences that digital nomads possess or experience that can be used positively in a professional context Thus this work not only serves a scientific purpose but also provides a practical framework for employing digital nomads in traditional companies Experiencing the New World of Work Jeremy Aroles, François-Xavier de Vaujany, Karen Dale, 2021-01-21 This edited volume explores theorises and critically investigates different facets of the new world of work **Digital Nomad Lifestyle in Dahab, Egypt. Current development on the job market** Mohamed Abdelhady, 2021-02-08 Master s Thesis from the year 2020 in the subject Sociology Work Education Organisation grade 1 3 University of Applied Sciences Fulda language English abstract This research paper is a journey into the digital nomads world in Dahab Egypt and aims to reveal their imaginations and ideologies identify their attributes and analyze their community s enhancement to their professional improvement Data were gathered during a three month field study relying on an online survey including a questionnaire six interviews and a netnography research method In a world where technology is increasingly intertwined with everyday life and work the traditional profession is fading into the background while the digital age is unleashing unlimited opportunities and changes in our working playing and living ways Thus more people adopt the digital nomad lifestyle to reach their personal and professional goals heading to various innovation hubs worldwide especially in Asia Consequently it has led to increased digital nomadism phenomenon studies however none of them addressed the

phenomena in the Middle Eastern countries as innovation hubs Hence given that Egypt is one of the most capable digital nomads host countries in the Middle East with excellent weather and fascinating history a reasonable cost of living and developed sharing economy sectors especially Dahab city it is worthy of examining the phenomenon in Dahab Egypt and tracking its existence

Albright,2019 Digital natives are hacking the American Dream Young people brought up with the Internet smartphones and social media are quickly rendering old habits and norms a distant memory creating the greatest

generation gap in history In this eye opening book digital sociologist Julie M Albright looks at our device obsessed society and the many ways in which the post World War II American Dream is waning for the Millennial generation Albright notes that in the former age of traditional media dominated by three major TV networks and the national print media values were more harmonized and time synchronized Today with a deluge of information available 24 7 we are experiencing a sort of digital tribalism with people coalescing inside of increasingly fragmented informational echo chambers Digital media allows bad actors to enlarge the rifts between these siloed tribes in divide and conquer fashion frothing up fears by propagating fake news and fake people online What are other effects of hyper connectivity coupled with disconnection from stabilizing social structures Albright sees both positives and negatives On the one hand mobile connectivity has given digital nomads the unprecedented opportunity to work or live anywhere On the other hand new threats are emerging including cyberbullying and the ability to radicalize marginalized youth decreased physical exercise increased isolation anxiety and loneliness ephemeral relationships fragmented attention spans lack of participation in community activities and the political process and detachment from the calm of nature or the refuge of religion In this time of rapid global technologically driven change this book offers fresh insights into the effects of always on devices on the family community business and society at large

**Deciphering the City** William A. Schwab,2005 Globalization has changed the roles of cities in the global economy the author conveys the need to understand the new order in our world especially in light of the events of 9 11 2001 The knowledge that can be acquired from this book provides readers with a unique benefit knowing about cities allows residents to see the opportunities as well as the risks that arise in them This book allows readers to understand how we cope in today s world and why we live our lives the way we do within our communities This book begins with an introduction to the phenomenon of globalization and how the changes it has brought about have affected the social political and economic institutions of societies in both the more developed and less developed worlds The book s second section concentrates on the psychology of the city and the community building process while its third section illustrates the city s structure and patterns Finally the author concentrates on urban problems and solutions to them An excellent up to date resource for urban sociologists and others who work in the fields of criminology urban planning health housing research and development
