We dive in deep on the following topics: Turn any skill into a location-independent career; Find a remote job or consulting/freelance clients; Start and run a business abroad; Best places to travel and work as a digital nomad; Co-working spaces and digital nomad hubs/communities around the world; Organized digital nomad programs like Remote Year; Visa requirements for digital nomads; Packing and preparing to become a digital nomad; Important resources for digital nomads; Required technology hardware and software; Staying productive while traveling; Overcoming the inevitable psychological impacts; Common barriers (e.g., kids, pets, debt, and medical concerns); Manage and collaborate with distributed teams effectively; Legal, tax, and financial implications of the digital nomad lifestyle; How to sell your digital nomad experience to potential employers or customers; Insights from some of the world's most successful digital nomads; The relationship between the work we do and where we do it has changed.
