The Strategic Evolution From Omnichannel to Metachannel Marketing Teixeira, Sara, Oliveira, Zaila, 2026-02-13 In today's rapidly shifting digital landscape, the traditional boundaries of marketing are dissolving, giving rise to more integrated and intelligent approaches. While marketing once represented seamless connections across platforms to deliver a unified customer experience, these emerging technologies and consumer expectations are pushing the envelope further. Metachannel marketing is a transformative evolution that goes beyond channel integration to create adaptive AI ecosystems capable of anticipating and responding to customer needs in real time. This strategic shift marks a new era in marketing where data and personalization converge to redefine how brands engage with audiences across an increasingly complex digital environment. *The Strategic Evolution From Omnichannel to Metachannel Marketing* explores the progression of digital marketing and its shift to metachannel.
