The Harafish:

The Harafish Naguib Mahfouz, 2016-06-15 Winner of the Nobel Prize for Literature in 1988 Naguib Mahfouz is perhaps the best known living Arab writer His books have had great success in this country particularly The Cairo Trilogy Fans of the famed trilogy will be delighted with The Harafish an epic novel that chronicles the dramatic history of the al Nagi family a family that moves over many generations from the height of power and glory to the depths of decadence and decay The Harafish begins with the tale of Ashur al Nagi a man who grows from humble beginnings to become a great leader a legend among his people Generation after generation however Ashur s descendants grow further from his legendary example They lose touch with their origins as they amass and then squander large fortunes marry prostitutes when they marry at all and develop rivalries that end in death The community s upper class keeps a watchful eye on the descendants of al Nagi for fear of losing their privileges but they find no threat of another such as Ashur Not that is until the al Nagi who like his noble ancestor finds his power once again from among The Harafish or the common people Through the strength of their numbers and their passion the glory of the name of al Nagi is restored Of all Mahfouz s experiments in recent decades this is the one which owes least to western inspiration and is probably the most successful The Harafish fluently translated by Catherine Cobham makes accessible and engrossing reading The Washington Post Book World **the harafish** naguib mahfouz, 1994 In The Harafish Naguib Mahfouz returns to the style of sweeping narrative at which he has proven himself a master He chronicles the dramatic history of the Nagi family a family that descends over many generations from the heights of power and prestige to the depths of decadence and decay The epic story begins with the tale of Ashur al Nagi a man who grows from humble roots to become a great leader and a legend among his people The name of Ashur epitomizes a time of glory for the harafish or the common people when they were led by one of their own Generation after generation however Ashur s descendants stray further from his legendary example They lose touch with their origins as they amass and then lose large fortunes marry prostitutes when they marry at all and develop rivalries that end in death Finally a Nagi appears who restores the family name to its former distinction The Harafish is a mythic tale a compelling portrait of human weaknesses pride dishonesty lust and greed and of the greatness of which we are capable when we overcome them Crowds and Sultans Amina Elbendary, 2015 During the fifteenth century the Mamluk sultanate that had ruled Egypt and Syria since 1249 50 faced a series of sustained economic and political challenges to its rule from the effects of recurrent plagues to changes in international trade routes Both these challenges and the policies and behaviors of rulers and subjects in response to them left profound impressions on Mamluk state and society precipitating a degree of social mobility and resulting in new forms of cultural expression These transformations were also reflected in the frequent reports of protests during this period and led to a greater diffusion of power and the opening up of spaces for political participation by Mamluk subjects and negotiations of power between ruler and ruled Rather than tell the story of this tumultuous century solely from the point of view of the

Mamluk dynasty Crowds and Sultans places the protests within the framework of long term transformations arguing for a more nuanced and comprehensive narrative of Mamluk state and society in late medieval Egypt and Syria Reports of urban protest and the ways in which alliances between different groups in Mamluk society were forged allow us glimpses into how some medieval Arab societies negotiated power showing that rather than stoically endure autocratic governments populations often resisted and renegotiated their positions in response to threats to their interests This rich and thought provoking study will appeal to specialists in Mamluk history Islamic studies and Arab history as well as to students and scholars of Middle East politics and government and modern history

Literature and Poverty David Aberbach, 2019-02-21 Literature and Poverty offers an engaging overview of changes in literary perceptions of poverty and the poor Part I of the book from the Hebrew Bible to the French Revolution provides essential background information It introduces the Scriptural ideal of the holy poor and the process by which biblical love of the poor came to be contested and undermined in European legislation and public opinion as capitalism grew and the state took over from the Church Part II from the French Revolution to World War II shows how post 1789 problems of industrialization population growth war and urbanization came to dominate much European literature as poverty and the poor became central concerns of major writers such as Dickens Dostoyevsky and Hugo David Aberbach uses literature from the Bible through Shakespeare Wordsworth Zola Pushkin and Orwell to show how poverty changed from being an endemic and unavoidable fact of life to a challenge for equality that might be attainable through a moral and rational society As a literary and social history of poverty this book argues for the vital importance of literature and the arts in understanding current problems in International Development
