The Individual in the Making Edwin Asbury Kirkpatrick,1911 In this volume it is proposed to discuss the development of individual human minds chiefly from the subjective point of view The educator like the mariner needs a chart by which he may guide the child into the most favoring channels and past the most serious dangers that are found in each stage of development from childhood to maturity The author believes that the descriptions and suggestions herein given lead toward the truth The ideas as expressed are not given as final truth for the guidance of psychologists and educators but as a formulation of facts and principles to be corrected and completed by further scientific investigations and tested by practical educational experience It is hoped that the work is sufficiently concrete and specific to be of interest and value to parents and teachers who have not received much training in psychology It will be of most value however to those who have had a good deal of experience with children Preface **The Boy Who Drew Monsters** Keith Donohue,2014-10-07 From the New York Times bestselling author of *The Stolen Child* comes a hypnotic literary horror novel about a young boy trapped inside his own world whose drawings blur the lines between fantasy and reality Ever since he nearly drowned in the ocean three years earlier ten year old Jack Peter Keenan has been deathly afraid to venture outdoors Refusing to leave his home in a small coastal town in Maine Jack Peter spends his time drawing monsters When those drawings take on a life of their own no one is safe from the terror they inspire His mother Holly begins to hear strange sounds in the night coming from the ocean and she seeks answers from the local Catholic priest and his Japanese housekeeper who fill her head with stories of shipwrecks and ghosts His father Tim wanders the beach frantically searching for a strange apparition running wild in the

dunes And the boy s only friend Nick becomes helplessly entangled in the eerie power of the drawings While those around Jack Peter are haunted by what they think they see only he knows the truth behind the frightful occurrences as the outside world encroaches upon them all In the tradition of *The Turn of the Screw* Keith Donohue s *The Boy Who Drew Monsters* is a mesmerizing tale of psychological terror and imagination run wild a perfectly creepy read for a dark night [The Boy and The Pond](#) Tom Peart,2025-09-29 Fifteen year old Max has an unhappy home life No matter how hard he tries he can t seem to help his troubled mother He feels like a failure as a son that he can t do anything right It is only on Noonan s Pond skating across the cold hard ice under the moon and the stars that he is able to find some measure of peace and serenity One especially difficult night he meets another boy at the Pond who says his name is Baby and he seems to know everything about Max and his mother Baby helps Max make it through the pain and confusion with his mother and proves to be always there when Max truly needs him It takes Max a lifetime to learn who Baby really is but by then with Baby s help he understands the importance of friendship love and forgiveness and that ultimately you can t fix others You can only fix yourself [The Juvenile Rechabite](#) ,1904 [The Morning Star and Free Baptist](#) ,1908 **The Delineator** R.
