**Dress, Culture and Commerce** B. Lemire, 1997-01-15. This work examines a trade that covered the backs of sailors and soldiers that shirted labouring men and skirted working women that employed legions of needlewomen and supplied retailers with new consumer wares. Garments once bought returned again to the marketplace circulating like a currency and bolstering demand. The agents in this trade included military contractors for clothing, female outworkers and dealers in used clothes. Each was affected by a changing demand for new styled luxuries and necessities in apparel.

**Fashion Since 1900** John Peacock, 2007. Here in more than 1,250 full colour illustrations is the most comprehensive and detailed history and sourcebook of fashion in the modern era ever published. From the styles of the early 1900s to those of the 21st century, John Peacock charts the development of women's fashion in all its aspects: couture wear, underwear, leisure wear, day wear, evening wear, bridal wear and accessories. Fashion's greatest international designers and designs are all found here, from Worth's visiting dress, Chanel's suits, Balenciaga's classic gowns, Dior's New Look, Courr ges space age creations and Mary Quant's mini dresses to recent designs from the collections of Calvin Klein, Dolce Gabbana, Gucci, Vivienne Westwood and others. Photography could never capture so faithfully the dazzling variety of these designs, indeed many which predate the advent of colour photography have never before been shown in their original colours. John Peacock's wide-ranging research, using not only paintings and photographs but also the garments themselves, has allowed him to reproduce in meticulous detail their lines, shapes, weaves, patterns and colours. Arranged decade by decade, the pictures are accompanied by complete descriptions of each garment and accessory, including the fabric, colour, cut and pattern. Every detail, collars, cuffs, pockets, buttons and trimmings is noted. In this fully revised edition of Peacock's standard book, 155 new drawings have been added together with detailed descriptions. The updated reference section includes a time chart summarizing the development of fashion and dress shapes, biographies of individual couturiers and designers and a concise bibliography. This volume is the unrivalled reference
