The Magic Of Humor In Caregiving:

The Magic of Humor in Caregiving James R. Sherman, 1995-02-01 The essence of humor What s so funny The need for humor The cost of sadness How to apply the magic Plan of action Available resources **Caring and Competent Caregivers** Robert Moroney, 1998 Chronic health conditions are the leading cause of illness disability and death in the United States today affecting nearly one hundred million citizens These conditions cost the economy more than 470 billion a year in direct medical costs and more than 230 billion in lost productivity While Americans pride themselves on living in a caring country society as a whole has not fully prepared for the many challenges presented by chronic illness This timely book illustrates the caregiving needs to be faced in the next century Written by individuals associated with the National Quality Caregiving Coalition NQCC of the Rosalynn Carter Institute *Caring and Competent Caregivers* is a foundation book for use by academicians conducting professional training programs diverse health care and social service providers on the front lines providing assistance to others and students entering the field Incorporating philosophy social science research and impressionistic evidence this book provides a basis for education and practice that is both inspirational and practical

Help for the Caring Brenda Parris Sibley, 2002 This much needed bibliography and filmography brings together lists of books about Alzheimer s and caregiving including biographies poetry and even fiction as well as in instructional and dramatic films **Caring for You, Caring for Me** David H. Haigler, Kathryn B. Mims, Jack A. Nottingham, 1998 Caring for persons with chronic illnesses or disabilities is a rewarding endeavor but it often places extreme demands on those providing care Caregivers need both education and support to understand their caregiving roles and to cope with the difficult situations they face All too often there is a chasm between professionals who are part of the formal caregiving system and family members friends and neighbors who provide daily care The Caring for You Caring for Me education and support program is a valuable tool for use in providing caregivers with education and support The program is designed to bring formal professional and informal lay family caregivers together to gain a better understanding of each other s perspectives on what it means to be a caregiver with the hope that in the process both will learn to do it better The program is based on caregiving research and the expertise of frontline caregivers The Leader s Guide contains everything needed to conduct a ten hour education and support program for caregivers informational content layouts for overhead transparencies and suggested group activities The companion Participant s Manual supports the presentation providing a workbook for class activities a suggested reading list and a compendium of national sources of help for caregivers Caring for You Caring for Me was developed by the Rosalynn Carter Institute under the guidance of the West Central Georgia Caregivers Network CARE NET The Rosalynn Carter Institute was established in 1987 Its mission is to understand the process of caregiving and discover new ways to benefit both formal and informal caregivers The Institute supports the premise that caregivers and care receivers can be served most effectively through the collaborative efforts of formal and informal caregivers academicians public and private services

and organizations representing caregivers and recipients of care

Humor and the Healing Arts Athena du Pré, 1997-11-01 Offering a social scientific look at humor's role in medical transactions this volume is based on extensive field study in seven medical settings It includes excerpts from dozens of actual conversations between patients and caregivers Analysis of these episodes reveals that humor is a practical tool used to meet many medical objectives It is used by patients to good naturedly complain and to campaign for more personal attention and by caregivers to get attention make amends insist on unpleasant routines and establish rapport Examining humor from many angles the book begins with a phenomenological analysis of the essence of funny This section describes what makes some things funny but not others and how to distinguish between potentially funny and unfunny episodes in medical situations From an ethnographic perspective joking around is shown to be a persuasive element of medical culture Examples illustrate how patients and caregivers use humor to negotiate the dialectics between helping and hurting and individuality and compliance Additionally a close up look at three medical transactions shows how humor is used to help a physical therapy patient overcome fear and queasiness reduce the embarrassment of a mammography and defuse a potential conflict between a student aide and a young patient A final section examines techniques for initiating conversational humor In sum this volume provides an intimate and realistic look at medical conversations as they are conducted every day It serves as a valuable complement to health communication texts and offers information of interest to health communication scholars healthcare practitioners and anyone interested in the effects and techniques of conversational humor Richly grounded in naturally occurring data the book can be understood and used effectively by both scholars and practitioners
