**FEUD** Berry Michel, 2024-05-14 In most popular literature vampires are portrayed as charming classy and sexy creatures While werewolves are portrayed as lower class filthy and dirty This story reverses that image and portrays werewolves as elegant classy powerful and beautiful At the same time a group of werewolves portray black characters as smart cunning and just as powerful as their white counterparts who are vampires This story also lays out a fictional theory of how Prince George's County Maryland became the home of so many affluent black families while at the same time portraying black people in a way that they have not always been viewed in America equal The story of Feud takes readers on the journey of Ally and Aaron protagonists and how their two distinct werewolf creation stories collide with James Siller villain in present day Washington DC and the surrounding areas It is fundamentally a story of looking past what one sees and putting aside personal biases to find common ground in relationships that sometimes seem impossible It is a story about creating family love and relationships with a group of people who get tossed into an impossible situation that makes them bond to survive
