### **Three Faces Of Christ:**

The Three Faces of Christ Trevor Dennis,1999-01-01 The title poem of *The Three Faces of Christ* the book is mostly prose explores Christ's vulnerability and divinity his delight in us and care for us his suffering on our behalf and the comfort he draws from our love These concepts which are both moving and startling are explored further in other pieces We begin with the incarnation the light of Christ coming into the world move on to Christ's struggle to defeat darkness and restore Eden to us at great cost and finally to rediscovering Eden for ourselves as we explore who we truly are in God

**Three Faces of God** David L. Miller,2005-02 This book provides a demonstration that the difficult notion of the Trinity is alive and well although not in places that one may have expected It flourishes in a mythology recovered from an ancient pagan past and surprisingly in secular poetry and drama of our own time even though it is often neglected in popular piety and in academic theology

*Three Faces of Jesus* Josef Imbach,1992 Who can lay exclusive claim to Jesus This remarkable book issues a challenge to all three monotheistic religions Christians owe it to themselves to take a good look at their past and the atrocities carried out in the name of Christ It is only in this way that they can gain a new vision of ecumenical unity Jews and Muslims too are called upon to remember what they have in common with the figure of Christ All three religions must find a way of overcoming their centuries old mistrust of one another This book offers a way to start Back cover

*Anchorhold* Kirsten Pinto Gfroerer,2022-07-28 *Anchorhold* is a unique collection of letters concerning Julian of Norwich's Revelations of Divine Love addressed to the writer herself Through them Kirsten Pinto Gfroerer explores the meaning of her own life and the transformation that studying and teaching this remarkable text can bring Julian makes extreme claims about the love of God revealed in the crucified Christ Her assertion that in love the human self can truly flourish and that in the end all shall be well and all manner of things shall be well is a hope filled contradiction of much modern thought Central to her theology are a series of meditations on the face and body of Christ which both point to God's love and reveal something of the nature of human vocation Gfroerer's search for meaning in Julian's text eloquently expressed in this series of letters involves the participation of her whole self learning to inhabit the vision given to Julian It is this search and participation that we are invited to join
