Humbling Faith Peter Admirand, 2019-03-22 This is a book hoping to embolden doubt and sharpen unanswerable questions all in the context of loving the self and one another Ridiculously it believes the world can be healed through such a hope It is especially addressed to those allergic to the word faith and others who feel confident and proud in

the faith they profess or system of thought they live by Humbling Faith helps us see how our beliefs or non beliefs our belongings and identities often remain flawed myopic self absorbed unredeemed The hope is that such awareness of our brokenness can fuel greater ethical partnerships and dialogue promoting peace from our recognized need for one another Humbling Faith is not only a resource towards humbling other faiths but most importantly your own *Buddhism and Postmodernity* Jin Y. Park,2010-10-28 Buddhism and Postmodernity is a response to some of the questions that have emerged in the process of Buddhism s encounters with modernity and the West Jin Y Park broadly outlines these questions as follows first why are the interpretations and evaluations of Buddhism so different in Europe in the nineteenth century in the United States in the twentieth century and in traditional Asia second why does Zen Buddhism which offers a radically egalitarian vision maintain a strongly authoritarian leadership and third what ethical paradigm can be drawn from the Buddhist postmodern form of philosophy Park argues that as unrelated as these questions may seem the issues that have generated them are related to perennial philosophical themes of identity institutional power and ethics respectively Each of these themes constitutes one section of Buddhism and Postmodernity Park discusses the three issues in the book through the exploration of the Buddhist concepts of self and others language and thinking and universality and particularities Most of this discussion is drawn from the East Asian Buddhist traditions of Zen and Huayan Buddhism in connection with the Continental philosophies of postmodernism hermeneutics and deconstruction Self critical from both the Buddhist and Western philosophical perspectives Buddhism and Postmodernity points the reader toward a new understanding of Buddhist philosophy and offers a Buddhist postmodern ethical paradigm that challenges normative ethics of metaphysical traditions
