Wisdom Of Love The:

The Wisdom of Love Jacob Needleman, 2005 Who can deny that our world is starved for a new understanding of love of what it means to live together and work at love and not give up What is the antidote to romantic love that all too often exhausts itself over night Might it be to join with a partner in a spiritual search Love to awaken us Body and Soul to a greater unknown Further what is the work which will sustain a love over a lifetime By searching for the sacred with our lover we might well find the divine within them Philosopher and teacher Jacob Needleman suggests love can be a reflection of our spiritual being He asserts that by the time we are living together something beyond passion is required something intentional and conscious is needed In *The Wisdom of Love* philosopher Jacob Needleman draws wisdom from myth religion philosophy and sacred poetry in an exploration of that which brings two people together in love of what love is why we need to give it and receive it and how it can be sustained beyond the passion and mystery that first draws us together [The Rosary Magazine](#) , 1905 [Wisdom's Call](#) K A Ellis, 2023-09-05 Like all great building projects the world runs on the wisdom of its Architect The universe is a carefully ordered place designed for humanity's good and God's glory Too often however we attempt life based on our own understanding To become wise we must respond to Wisdom's call to dwell in Wisdom's house Scripture teaches that Christ Himself is our wisdom our way back to understanding how to build and live as the Architect intended Those who meditate on the wisdom of Christ will find themselves living in Wisdom's house once again You will be refreshed and able to bring life to those around you just like Christ who breathed life from its start K A Ellis shows us how to claim the asset of wisdom and invites us to experience Jesus Christ the Wisdom on which our world rests Ellis calls us to live as people who are wise **English Writings** Abraham Cowley, 1905 *The Heart of Numerology* Lynn Buess, 2012 Perhaps you have read a little about numerology and wondered just how it manages to reveal so much If you have been looking for more information to take you beyond the elementary texts and teachings of numbers you have come to the right place By choosing the study of this symbolic matrix you have chosen a path that can take you into the most sublime heights and penetrating depths of human consciousness and beyond Do you want to know a secret Many of them can be revealed as you weave your way through a multidimensional journey of symbolic delight that numerology presents Lynn Buess MA EdS has served more than one half of a century studying teaching and counseling in the field of symbols cycles and numbers Lynn is well qualified to be the one to outline this journey and help show you the way He is the only practicing professional numerologist to have completed two accredited graduate degrees in which he specialized in the meaning of numbers and symbols and the psychological application of these symbols to life In his teaching he reveals the psychology cosmology and spirituality of numerology To him numbers are not a static set of symbols rather they are like cosmic chords of sound and light that help make up the rhythms of the cosmic dance Would you like to dance [The Westminster Review](#) , 1906

Benson Richard Meux Benson,1901 **The Apocryphal Books** ,1889 **Exile** David Patterson,2014-10-17 The life of a human community rests on common experience Yet in modern life there is an experience common to all that threatens the very basis of community the experience of exile No one in the modern world has been spared the encounter with homelessness Refugees and fugitives the disillusioned and disenfranchised grow in number every day Why does it happen What does it mean And how are we implicated David Patterson responds to these and related questions by examining exile a primary motif in Russian thought over the last century and a half By exile he means not only a form of punishment but an existential condition Drawing on texts by such familiar figures as Dostoevsky Tolstoy Solzhenitsyn and Brodsky as well as less thoroughly examined figures including Florensky Shestov Tertz and Gendelev Patterson moves beyond the political and geographical fact of exile to explore its spiritual metaphysical and linguistic aspects Thus he pursues the connections between exile and identity identity and meaning meaning and language Patterson shows that the problem of meaning in human life is a problem of homelessness that the effort to return from exile is an effort to return meaning to the word and that the exile of the word is an exile of the human being By making heard voices from the Russian wilderness Patterson makes visible the wilderness of the world Love & Light Clayten Tylor,2017-05-20 This book examines Swedenborg's spiritual experiences of Heaven and Hell from an esoteric perspective as a feeling the language of angels and spirits To perceive this spiritual feeling begins the regeneration process that develops an inner perception of celestial love as spiritual light When we can perceive love and light as a feeling as it expresses through our physical senses we can start to affect our own psycho spiritual development to evolve from a sensual to a spiritual feeling of conjugal love As we examine love and light as a spiritual feeling through heaven and hell we too begin to experience a deeper spiritual awareness which can initiate a personal communication with the Divine as a Conjugal Love experience With creative self expression as our goal we can take regeneration into our own hands to speed up our own evolution while we transmute the forces that block the spiritual feeling of the Brotherhood of Mankind and thereby together manifest the feeling of Heaven on Earth Chapters XVII-XX Emanuel Swedenborg,1912 Swedenborg Library ,1847 The Open Court Paul Carus,1922 vols 46 47 have special title New Orient Society monograph A Compendium of the Theological Writings of Emanuel Swedenborg Emanuel Swedenborg,Samuel Mills Warren,1885 **The Swedenborg Library: Divine providence and its laws** Emanuel Swedenborg,1878 Unity ,1900 **Gotama Buddha** Kenneth James Saunders,1920 **Preacher and Homiletic Monthly** ,1884 **The True Christian Religion** Emanuel Swedenborg,2025-11-28 Reprint of the original first published in 1873 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
