

# WITHOUT BARBARIANS

June 25,

Marriage means giving up  
some things, — making  
compromises, but need it  
mean always trying to  
possess the other, trying  
to live through the other  
person?

We're two separate people.

I hope we can be open to  
other relationships without  
fear, guilt and suspicion.  
It will not be easy, but  
we're going ahead.

Barbarism Revisited, 2015-10-27 The figure of the barbarian has captivated the Western imagination from Greek antiquity to the present Since the 1990s the rhetoric of civilization versus barbarism has taken center stage in Western political rhetoric and the media But how can the longevity and popularity of this opposition be accounted for Why has it become such a deeply ingrained habit of thought that is still being so effectively mobilized in Western discourses The twenty essays in this volume revisit well known and obscure chapters in barbarism s genealogy from new perspectives and through contemporary theoretical idioms With studies spanning from Greek antiquity to the present they show how barbarism has functioned as the negative outside separating a civilized interior from a barbarian exterior as the middle term in between savagery and civilization in evolutionary models as a repressed aspect of the civilized psyche as concomitant with civilization as a term that confuses fixed notions of space and time or as an affirmative notion in philosophy and art signifying radical change and regeneration Proposing an original interdisciplinary approach to barbarism this volume includes both overviews of the concept s travels as well as specific case studies of its workings in art literature philosophy film ethnography design and popular culture in various periods geopolitical contexts and intellectual traditions Through this kaleidoscopic view of the concept it recasts the history of ideas not only as a task for historians but also literary scholars art historians and cultural analysts

**Subjects Barbarian, Monstrous, and Wild** Maria Boletsi, Tyler Sage, 2017-11-20 *Subjects Barbarian Monstrous and Wild* responds to a contemporary political climate in which historically invested figures of otherness barbarians savages monsters have become common discursive currency Through questionable historical comparisons politicians and journalists evoke barbaric or primitive forces threatening civilization in order to exacerbate the fear of others diagnose civilizational decline or feed nostalgic restorative projects These evocations often demand that forms of oppression discrimination and violence be continued or renewed In this context the collected essays explore the dispossessing effects of these figures but also their capacities for reimagining subjectivity agency and resistance to contemporary forms of power Emphasizing intersections of the aesthetic and the political these essays read canonical works alongside contemporary literature film art music and protest cultures They interrogate the violent histories but also the subversive potentials of figures barbarous monstrous or wild while illustrating the risks in affirmative resignifications or new mobilizations

political and cultural theory Volume 2 broaches figurations of barbarism and mobilizations of the barbarian across diverse contexts media and fields from the early twentieth century to our present from avant garde manifestoes to contemporary multilingual literature and adaptations of the Medea myth from anti colonial to eco socialist texts from political philosophy and ethno anthropology to contemporary pop culture from Russian poetry to Western political rhetoric from Europe to Latin America from cinema to art biennials and from neo Marxists to the Alt Right Ethnic Literatures and Transnationalism

Snir,2023-02-08 Part of a two volume set this volume examines the issues of commitment and hybridization in Arabic literature concentrating on Palestinian literature and Arab Jewish culture and the interactions between them Reuven Snir studies the contribution of Palestinian literature and theatre to Palestinian nation building especially since the 1948 Nakba Becoming an essential part of the vocabulary of Arab intellectuals and writers since the 1950s commitment *iltizam* has been employed to indicate the necessity for a writer to convey a message rather than merely create an imaginative work for its own sake As for hybridization the author focuses on the role Jews have played in Arabic literature against the backdrop of their contribution to this literature since the pre Islamic period and in light of the gradual demise of Arab Jewish culture in recent years The blending of elements from different cultures is one of the major phenomena in Arabic literature certainly in light of its relationship with Islam and its cultural heritage which has been extending during the last one and half millennia
