Writers And Politics In Modern Spain:

Writers and Politics in Modern Spain John Butt, 1978 **Writing Political History Today** Willibald Steinmetz, Ingrid Gilcher-Holtey, Heinz-Gerhard Haupt, 2013-05 In recent years political history has been rediscovered by historians In this volume the contributors approach the new political history in a constructivist way conceiving the political as a communicative space whose boundaries are constantly reconfigured through acts of verbal visual and sometimes violent communication Writing Political History Today is organized into four sections focusing on politics and the political as contested concepts boundary disputes between the political and other spheres the question whether violence is a means an object or the end of political communication and on a future agenda for writing political history **Modern Spain,**

Writing and Politics in Franco's Spain Barry Jordan,2025-10 Between 1940 and 1965 Spain was almost entirely cut off from the intellectual life of western Europe Within Spain itself opposition writers believed that a committed literature could take over the role of the press in a democratic society dealing with daily realities and social issues as well as with political questions This was the background to the emergence in the 1950s of the novela social Spain s post war realist novel First published in 1990 *Writing and Politics in Franco s Spain* explores the early development of this literary movement and reveals the beginnings of the novela social as a complex dynamic gradually unfolding process Making use of new research the author charts the ways in which authors involved in the novela social formed groups around certain literary and cultural reviews of the period He traces the influences which provided the early social novelists with theoretical and practical guidance for their writing pointing especially to Sartre Italian neo realism and the novels of North American writers like Hemingway and Dos Passos A major reassessment of an important literary movement *Writing and Politics in Franco s Spain* is deeply concerned with relations between texts contexts and wider social and cultural processes It will be of special value to students of contemporary Spanish literature and history *Spanish, Catalan, and Spanish-American Poetry from Modernismo to the Spanish Civil War* Stephen M. Hart,1990 This is a study which compares and evaluates specific landmarks in the history of modern Hispanic literature with particular reference to Modernismo the avant garde surrealism political and war poetry and poetry motifs such as self reflexivity essentialism abstraction and silence The book investigates the often invisible Hispanic connection linking the work of the Spanish Catalan and Spanish American poet in the 20th century through close readings of selected poems It makes a plea for a comparative approach in its use of Harold Bloom s theory of the anxiety of influence and gives special attention to Dario s influence on Antonio Machado and Juan Ramon Jimenez the influence of Stephane Mallarme and Paul Valery in the works of Jimenez Jorge Guilleen Pedro Salinas and Charles Riba and the use of surrealist motifs in selected poems by Lorca Cernuda Alberti Aleixandre Foix Rossello Porcel and Octavio Paz
