Writing and Sexual Difference Elizabeth Abel,1982 **Romanticism Writing and Sexual Difference** Mary Jacobus,2002 Language and Sexual Difference Susan Sellers,1991-12-02 An accessible introduction to French feminist theory and contemporary French women s writing for non French speakers The book offers a context to this challenging controversial body of work by giving clear accounts of the philosophical post structural and psychoanalytic debates which have had such an impact on French intellectual life in recent years and to which French feminist writers offer a response

Helene Cixous Abigail Bray,Julian Wolfreys,2003-12-11 Abigail Bray offers a lucid and accessible introduction to H l ne Cixous and her theorisation of writing and sexual difference This book explores the context of feminist debates surrounding Cixous s work and provides a concise explanation of her major philosophical and literary concepts including the other bisexuality the third body and l critique feminine Bray demonstrates through original and provocative readings of texts by James Joyce Virginia Woolf Clarice Lispector and Angela Carter the creative potential of Cixous s thought on literature and philosophy Reading Cixous alongside Nietzsche Heidegger Deleuze and Derrida Bray argues for a recognition of Cixous as one of the important thinkers of our times *Romanticism Writing and Sexual Difference* Mary Jacobus,1989 In the light of post structuralism and feminist theory this book reappraises The Prelude using Romantic autobiography theatrical politics and history in order to outline the role of gender in Romantic self representation and pedagogy *Derrida and the Writing of the Body* Jones Irwin,2016-04-22 Michel Foucault refers to 1965 1970 as in philosophical terms the five brief impassioned jubilant enigmatic years This book reinterprets Jacques Derrida s work from this period most especially in L critique et la Diff erence Writing and Difference and argues that a transformation takes place here which has been marginalized in readings of his work to date Irwin follows with a look at how the grammatological opening becomes crucial for Derrida s work in the 1970s and beyond incorporating one of his last readings of embodiment from 2000 By drawing our attention to the politics of desire and sexuality this groundbreaking book engages with the work of key continental theorists including Artaud Bataille Nietzsche Heidegger Habermas and Cixous whilst also examining Derrida s relationship with Plato and feminist theory It will appeal to a wide range of readers within the social sciences and philosophy particularly those with interests in gender and sexuality social theory continental thought queer studies and literary theory **Liotard and the 'figural' in Performance, Art and Writing** Kiff Bamford,2012-06-14 This original study offers a timely reconsideration of the work of French philosopher Jean Fran ois Lyotard in relation to art performance and writing How can we write about art whilst acknowledging the transformation that inevitably accompanies translations of both media and temporality That is the question that persistently dogs Lyotard s own writings on art and to which this book responds through reference to artists from the recently formed canon of performance art history including the myths of seminal figures Marina Abramovic and Vito Acconci and the controlled documentation of Gina Pane s actions Through the unstable untranslatable element that Lyotard

calls the figural his thought is brought to bear on attempts to write a history of performance art and to question the paradoxically prescriptive demand for rules to govern re performance Kiff Bamford contextualises Lyotard s writings and approach with reference to both his contemporaries including Deleuze and Kristeva and the contemporary art about which they wrote whilst arguing for the pertinence of Lyotard s provocations today

Hybridity in Life Writing Arnaud Schmitt,2024-04-28 This book offers new perspectives on text image hybridity in the context of life writing Each chapter explores the very topical issue of how writers and artists combine two media in order to enhance the autobiographical narrative and experience of the reader It questions the position of images in relation to text both on the page and in terms of the power balance between media It also shows how hybridity operates beyond a semantic and cultural balance of power as the combination of text and images are able to produce content that would not have been possible separately Including a range of life writing and different visual media from paintings and photography to graphic memoirs and social media this edited collection investigates the point at which an image whether fixed or moving enters the autobiographical act and confronts the verbal form

Women's Writing, 1660-1830 Jennie Batchelor,Gillian Dow,2016-12-19 This book is about mapping the future of eighteenth century women s writing and feminist

literary history in an academic culture that is not shy of declaring their obsolescence It asks what can or should unite us as scholars devoted to the recovery and study of women s literary history in an era of big data on the one hand and ever more narrowly defined specialization on the other Leading scholars from the UK and US answer this question in thought provoking cross disciplinary and often polemical essays Contributors attend to the achievements of eighteenth century women writers and the scholars who have devoted their lives to them and map new directions for the advancement of research in the area They collectively argue that eighteenth century women s literary history has a future and that feminism was and always should be at its heart Featuring a Preface by Isobel Grundy and a Postscript by Cora Kaplan

Beckett, Lacan and the Mathematical Writing of the Real Arka Chattopadhyay,2019-01-01 Beckett Lacan and the Mathematical Writing of the Real proposes writing as a mathematical and logical operation to build a bridge between Lacanian psychoanalysis and Samuel Beckett s prose works Arka Chattopadhyay studies aspects such as the fundamental operational logic of a text use of mathematical forms like geometry and arithmetic the human obsession with counting the moving body as an act of writing and love and sexuality as a challenge to the limits of what can be written through logic and mathematics Chattopadhyay reads Beckett s prose works including *How It Is* *Company* *Worstward* *Ho Malone* *Dies* and *Enough* to highlight this terminal writing which halts endless meanings with the material body of the word and gives Beckett a medium to inscribe what cannot be written otherwise
