Writing Psychological Reports A Guide For Clinicians

Edward L. Zuckerman

Writing Psychological Reports A Guide For Clinicians:

Writing Psychological Reports Greg J. Wolber, William F. Carne, 2002 This new second edition brings the same refreshing matter of fact guidance that made the first edition so popular with both students and professionals Although the suggested format for psychological evaluations remains essentially the same the authors have updated and expanded several sections within that format to enhance the quality of the evaluation report A new section Notification of Purpose and Limits of Confidentiality has been added and new material on background information and the use of collateral information has been included New examples have been added to supplement and clarify the text and a new example of a full report is presented The Recommendations section has also been modified to incorporate specific strengths and problem areas This book offers a wealth of descriptive information organizing questions guidelines and other strategic information to make your written report as clear comprehensive and error free as possible

Psychological Reports Raymond L. Ownby, 1987 Provides a systematic approach to writing psychological reports for optimal clarity thoroughness and impact A clinical report should have all the clarity and precision of a military dispatch Unfortunately as anyone who deals with psychological reports knows this is almost never the case Extensive research has shown that with most psychologist s reports there is a dangerously wide gap between author intent and reader interpretation Since the quality of clinical reports can have a direct bearing on the quality of care a client receives especially in an age of managed care it is essential that psychologists arm themselves with a systematic approach to creating reports that in structure content and style have the utmost clarity thoroughness and utility Psychological Reports Third Edition provides them with such an approach The book begins with a theory based analysis of report writing problems which is then used to construct a framework for identifying and correcting them A valuable working resource for practicing psychologists and psychotherapists Psychological Reports Third Edition is also must reading for students and psychologists in training A complete guide to writing effective reports for a variety of contexts Updated to correspond to recent changes in the DSM IV Includes practice exercises that help readers build report writing skills Features sample reports representing a wide range of applications

Essentials of Assessment Report Writing Elizabeth O. Lichtenberger, Nancy Mather, Nadeen L. Kaufman, Alan S. Kaufman, 2012-06-12 Instructive guide to preparing informative and accurate assessment reports for a variety of individuals and settings Assessment reports are central to the diagnostic process and are used to inform parents clients and clinicians among others about academic problems personality functioning neuropsychological strengths and weaknesses behavioral problems and the like Essentials of Assessment Report Writing provides handy quick reference information using the popular Essentials format for preparing effective assessment reports This book is designed to help busy mental health professionals quickly acquire the knowledge and skills they need to write effective psychological assessment reports Each concise chapter features numerous callout boxes highlighting key concepts bulleted points and extensive illustrative material as well as test questions that help you gauge and reinforce your grasp of
