Shortly after the release of Tent City Tragedy Turned Triumph controversy struck We received several hundred emails and private messages some threats from several people who were upset with the book s outcome They believed the book seemed to be one sided and fabricated by one individual s story completely conflicting with how the residents of Charleston West Virginia described the aftermath of Tent City This news broke our hearts as our sole intention was to help the men and women of Tent City Being strong believers of truth and justice we thought it was best to have the whole story told Broken hearted and angry as hell we dug deeper into the story connecting with many more of the residents of Tent City and those left in its aftermath As they shared with us on a deeper level their experiences we now realize we were misled and crucial pieces of this important story were withheld from us Now we are pleased to bring you the true story of Tent City by those who lived it
