Martin Luther's Hidden God

Timothy Scott Landrum,2022-04-05 The presence of evil in a world said by God to be good is perhaps humanity s most vexing challenge Where is God in all this is a universal cry The answers are as numerous and varied as those offering them but little is accomplished it seems to ease the pain of a God who doesn t behave according to law logic or rationale Into this melee Martin Luther waded with his distinction between God preached and God not preached and hiding Though not always appreciated Luther s thought speaks to the various dimensions of the problem and proclaims a definitive answer Martin Luther s Hidden God traces the origins of Luther s thought on the matter explores how his teaching compliments and conflicts with the teaching offered by certain post Reformation Lutheran theologians and philosophers of religion before distilling his thought into a preliminary apologetic for the problem of evil and divine hiddenness that spans the breadth of the issue from a uniquely Lutheran perspective
