The Madeleine Poems:

The Madeleine Poems Paul Legault, 2010 Ann Lauterbach the highly esteemed poet who selected Paul Legault's manuscript for the Omnidawn Poetry Prize explains that in these poems History is here in uneasy tangents landscape is here lonely in its names luminous images are here but they are not pictures music is here in a spare phrasal pacing Here in *The Madeleine Poems* modernity's abandonment becomes a bare harbor into which sail vessels carrying unexpected cargo In hauntingly beautiful lyricism and with a lightness that conveys the most weighty of subjects Legault offers a dynamically charged vision of the real as he perceives its volatile constantly shifting valences

Maiden Mother Crone Madeleine F. White,2025-04 Maiden Mother Crone is a memoir in verse challenging the traditional approach to faith by putting Madeleine s own stories at the heart of a narrative defined by a quest for spiritual identity Encased within the spiritual feminine it offers magic and mysticism abuse and reconciliation power and perception and faith and feminism This collection is a cri de coeur for women who may have been side lined abused and disenfranchised to find their own seat at the table journey from mother goddess to modern faith With inclusion and spiritual expression at the heart of it the collection calls upon us to find a new way to be and to connect reminding us that as Maidens Mothers and Crones we speak the same fundamental truths the world over I ll weave pixels into promises and shared words into prayers of hope and so transform this world of men to somewhere crones can fly again Maiden Mother Crone is part of the acclaimed Crossing Places series **The Weather of the Heart** Madeleine L'Engle,1978 Madeleine L Engle bids us in her own words to sit at sacrament with her across a strange and distant table It is a paschal event a meal of rememberence Where her own hurt is cruciform we are the more alive When she admits arrogance in Gethsemane we too remember glutting on unleavened loaves But as she herself declares Never was a feast finer than this Come eat and drink unfreeze and live Calvin Miller author of The Singer Trilogy *Tennyson's Poems* R. H. Winnick,2019-04-18 In Tennyson s Poems New Textual Parallels R H Winnick identifies more than a thousand previously unknown instances in which Tennyson phrases of two or three to as many as several words are similar or identical to those occurring in prior works by other hands discoveries aided by the proliferation of digitized texts and the related development of powerful search tools over the three decades since the most recent major edition of Tennyson s poems was published Each of these instances may be deemed an allusion meant to be

recognized as such and pointing for definable purposes to a particular antecedent text an echo conscious or not deliberate or not meant to be noticed or not meaningful or not or merely accidental Unless accidental Winnick writes these new textual parallels significantly expand our knowledge both of Tennyson s reading and of his thematic intentions and artistic technique Coupled with the thousand plus textual parallels previously reported by Christopher Ricks and other scholars he says they suggest that a fundamental and lifelong aspect of Tennyson s art was his habit of echoing any work ancient or modern which had the potential to enhance the resonance or deepen the meaning of his poems The new textual parallels Winnick has identified point most often to the King James Bible and to such canonical authors as Shakespeare Milton Dryden Pope Thomson Cowper Shelley Byron and Wordsworth But they also point to many authors rarely if ever previously cited in Tennyson editions and studies including Michael Drayton Richard Blackmore Isaac Watts Erasmus Darwin John Ogilvie Anna L titia Barbauld Letitia Elizabeth Landon John Wilson and with surprising frequency Felicia Hemans Tennyson s Poems New Textual Parallels is thus a major new resource for Tennyson scholars and students an indispensable adjunct to the 1987 edition of Tennyson s complete poems edited by Christopher Ricks

study of ludic literary society in sixteenth century France addresses Italianate practices of philosophical and literary sociability as they took root there. It asserts that entertainment activities of women led circles illustrate the richly complex precursors of the seventeenth century salons. Notions from the philosophy of play such as those developed by Johan Huizinga, Eugen Fink, and Roger Caillois, who argue that play is critically intertwined with the development of society, provide a theoretical path across these periods of women's engagement in literary culture. The barrister Estienne Pasquier, whose voluminous network of literary and legal connections permitted him entry into the society of such women, acts as an eyewitness to sixteenth century circles. Ultimately, we see that the ludic activities in such society produced powerful influences that extended beyond the confines of the groups in question to shape ideas, attitudes, and activities such as those of the salon, cultural norms to come.
