The Magic Plant:

The Magic Plant Book Jack Kramer, 1978 *The Magic Plant* Carl Henry Grabo, 1936 This biography describes Shelley's life in thought. It dispels the popular conception of him as a vague dreamer and reveals a radical thinker passionately concerned with practical questions of politics, social abuses, and the underlying questions of good and evil, free will, and determinism. The Shelley so revealed is a poet of greater range, insight, and power than has hitherto been acknowledged. Originally published in 1936. A UNC Press Enduring Edition. UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print.
