*Man Who Melted* Jack Dann,2010-10-04 The Man Who Melted is a warning for the future It is the Brave New World and 1984 for our time for it gives us a glimpse into our own future a future ruled by corporations that control deadly and powerful forms of mass manipulation It is a prediction of what could happen tomorrow The Man Who Melted examines how technology affects us and changes our morality and it questions how we might remain human in an inhuman world Will the future disenfranchise or empower the individual Here you ll find new forms of sexuality new perversions new epiphanies and an entirely new form of consciousness Would you pay to go down with the Titanic In this dystopia the Titanic is brought back from the bottom of the sea and refurbished only to be sunk again for those who want the ultimate decadent experience Some passengers pay to commit suicide by going under with the ship The Man Who Melted has been called one of the greatest science fiction novels of all time by Science Fiction Age and is considered a genre classic It is the stunning odyssey of a man searching through the glittering apocalyptic landscape of the next century for a woman lost to him in a worldwide outbreak of telepathic fear Here is a terrifying future where people can gamble away their hearts and other organs and telepathically taste the last flickering thoughts of the dead *Iron Trade Review* ,1899 [A Dictionary of Miracles](#) Ebenezer Cobham Brewer,1884 [Patternmaking.
