## Wise Quacks:

**Wise Quacks** Tom Wolf, Jim Wolf, 1988-10     Rethinking Social Movements Jeff Goodwin, James M. Jasper, 2004 This landmark volume brings together some of the titans of social movement theory in a grand reassessment of its status For some time the field has been divided between a dominant structural approach and a cultural or constructivist tradition The gaps and misunderstandings between the two sides as well as the efforts to bridge them closely parallel those in the social sciences at large This book aims to further the dialogue between these two distinct approaches to social movements and to show the broader implications for social science as a whole as it struggles with issues including culture emotion and agency Visit our website for sample chapters     Freddy and the Perilous Adventure Walter R. Brooks, 2014-12-23 The Fourth of July is no day for danger but that s just what s in store for the Bean Farm gang in Freddy and the Perilous Adventure It all seemed so strange and exciting at first Emma and Alice Bean Farm s favorite ducks and the intrepid Freddy off for a glorious balloon ride to celebrate the nation s birthday Of course if Freddy and Emma and Alice and the other denizens of Bean Farm had known what was really in store for the brave aerialists in the Balloon Ascension they might just have remained quietly at home listening to Freddy s poetry or to the boastful crowing of Charles     *Film Composers in America* Clifford McCarty, 2000 *Film Composers in America* is a landmark in the history of film Here renowned film scholar Clifford McCarty has attempted to identify every known composer who wrote background musical scores for films in the United States between 1911 and 1970 With information on roughly 20 000 films the book is an essential tool for serious students of film and a treasure trove for film fans It spans all types of American films from features shorts cartoons and documentaries to nontheatrical works avant garde films and even trailers Meticulously researched over 45 years the book documents the work of more than 1 500 composers from Robert Abramson to Josiah Zuro including the first to score an American film Walter C Simon It includes not only Hollywood professionals but also many composers of concert music as well as popular music and other genres whose cinematic work has never before been fully catalogued The book also features an index that lets readers quickly find the composer for any American film through 1970 To recover this history much of which was lost or never recorded McCarty corresponded with or interviewed hundreds of composers arrangers orchestrators musical directors and music librarians He also conducted extensive research in the archives of the seven largest film studios Columbia MGM Paramount RKO 20th Century Fox Universal and Warner Bros and wherever possible he based his findings on the most reliable evidence that of the manuscript scores and cue sheets as opposed to less accurate screen credits The result is the definitive guide to the composers and musical scores for the first 60 years of American film     *A Sticky Situation* Tony Salerno, 2004-09 a series of books that follows the adventures of little Bill as he learns through experience the values and benefits of good character Cover back     The Animated Film Collector's Guide David Kilmer, 1997 In the age of video nearly every film ever made is available on video somewhere The only problem is finding it This guide lists both title and producer

nearly 3000 animated films the sources of their video copies with the sources telephone fax numbers postal address and e mail Included are many hard to find films This is the only source of information you will need to track it down An added bonus is a listing of more than 200 films that have won major prizes at animation festivals and or placed on animation polls
