**Encyclopaedia Mundarica** John W. Hoffmann, 1930      **Witchfinder** Ruth Warburton, 2014-05-06 London 1880 and eighteen year old Luke Lexton is about to endure his initiation into the *Malleus Maleficorum* the secretive brotherhood devoted to hunting witches and the organisation that will help Luke take revenge on the witch who murdered his parents His final test is to pick a name at random from the *Book of Witches* a name he must track down and kill within a month or face death himself Luke picks out sixteen year old Rosa Greenwood a witch girl living in rapidly fading grandeur on the west side of town She s the last bargaining chip in her

family's struggle to avoid bankruptcy and is about to be married off to the handsome cruel grotesquely rich Sebastian Knyvet a powerful member of the Ealdwitan As Rosa and Luke get to know each other Luke realises it will be impossible for him to kill Rosa just as Rosa knows she will bring disgrace on her family if she does not marry Knyvet But Knyvet is hiding dark secrets including the key which will unlock the mystery of Luke's murdered parents Torn between appeasing their elders and their growing affection for each other Rosa and Luke must each make their choice between life and death Gorgeously romantic Amanda Craig *The Times* **Witchfinder General** Ian Cooper,2011-12-13 *Witchfinder General* 1968 known as *The Conqueror Worm* in America was directed by Michael Reeves and occupies a unique place in British cinema Equally praised and vilified the film fictionalizes the exploits of Matthew Hopkins a prolific real life witch hunter during the English Civil War For critic Mark Kermode the release proved to be the single most significant horror film produced in the United Kingdom in the 1960s while playwright Alan Bennett called the work the most persistently sadistic and rotten film I've ever seen Steadily gaining a cult reputation unimpeded by the director's death just months after the film's release the film is now treated as a landmark though problematic accomplishment as it exists in a number of recut retitled and rescored versions This in depth study positions the film within the history of horror and discusses its importance as a British and heritage film It also considers the inheritance of Hopkins the script's relationship to the novel by Ronald Bassett and the iconic persona of the film's star Vincent Price Ian Cooper conducts close textual readings of specific scenes and explores the film's various contexts from the creation of the X certificate and the tradition of Hammer gothic to the influence on Ken Russell's *The Devils* 1971 and the torture porn of twenty first century horror **The Last Witchfinder** James Morrow,2009-10-13 A seventeenth century Englishwoman embarks on a quest to end witch hunts in this rich rollicking picaresque adventure *The New York Times* England 1688 Jennet Stearne's father hangs witches for a living But when she witnesses the unjust execution of her beloved aunt Isobel the precocious child decides to make it her life's mission to bring down the Parliamentary Witchcraft Act Armed with little save the power of reason and determined to see justice prevail Jennet hurls herself into a series of picaresque adventures traveling from King William's Britain to the fledgling American Colonies to an uncharted island in the Caribbean braving West Indies pirates Algonquin Indian captors the machinations of the Salem Witch Court and the sensuous love of a young Ben Franklin For Jennet cannot and must not rest until she has put the last witchfinder out of business **Encyclopædia Mundarica** Johann Hoffmann,1930 **The Discovery of Witches** Matthew Hopkins,2014-03-22 *The Discovery of Witches* In Answer to severall queries lately Delivered to the Judges of Assize for the County of Norfolk By Matthew Hopkins Witch finder Hopkins witch finding career began in March 1644 and lasted until his retirement in 1647 During that period he and his associates were responsible for more people being hanged for witchcraft than in the previous 100 years and were solely responsible for the increase in witch trials during those years He is believed to have been responsible for the deaths of 300 women between the years 1644 and 1646 It has been estimated that all of the

English witch trials between the early 15th and late 18th centuries resulted in fewer than 500 executions for witchcraft. Therefore, presuming the number executed as a result of investigations by Hopkins and his colleague John Stearne is at the lower end of the various estimates, their efforts accounted for about 60 per cent of the total in the 14 months of their crusade. Hopkins and Stearne sent to the gallows more people than all the other witch hunters in the 160 years of persecution in England.
