With Fidel:

With Fidel Frank Mankiewicz, Kirby Jones, Fidel Castro, 1975 Contains interviews of July and Oct 1974 with Castro

An Encounter with Fidel Fidel Castro, Gianni Minà, 1991 *An Interview with Fidel* Fidel Castro, Miguel Bonasso, 2004

An interview with Fidel Castro Charles Orlando Porter, Fidel Castro, 1964 **Family Portrait with Fidel** Carlos Franqui, 1985-01-01 Face to Face with Fidel Castro Fidel Castro, Tomás Borge, 1993 The issues confronting a changing world are frankly discussed in this lively dialogue between two of Latin America's most controversial political figures In this wide ranging conversation Fidel Castro discusses the collapse of the Soviet Union an historical evaluation of Stalin the future of socialism the role of ideas in today's world Cuba's relations with the United States from Kennedy to Bush human rights in the Third World homosexuality literature and music Face to face with Fidel Castro is one of the most important political books to emerge from Latin America in the 1990s *Can Cuba Survive?* Fidel Castro, 1992 **Face To Face With Fidel Castro** Mary Todd, **Fidel By Fidel: An Interview With Dr. Fidel Castro Ruz** Fidel Castro, Jeffrey M. Elliott, 2015-12-03 Dr Jeffrey M Elliot and former Rep Mervyn M Dymally here contribute a lengthy revealing interview with Cuban President Fidel Castro discussing a wide ranging series of topics dealing with local and international politics and economics as well as the future of Cuba the third world Central and South America and the United States *Cuba* Deena Stryker, 2016-06-15 Cuba A Diary of the Revolution is an inside personal account of the revolution its leaders and the Cuban people Over fifty years ago author Deena Stryker met with Fidel Castro Che Guevara Celia Sanchez and other Cuban revolutionaries Cuba A Diary of the Revolution tells the story of those meetings in both words and photographs forming a time capsule of the country in the early 1960s *In Conversation with Fidel* Fidel Castro, Ignacio Ramonet, 2008 The Political Coexistence of the United States with Cuba, 1961-1975 Krzysztof Siwek, 2024-07-17 This book investigates the phenomenon of the political coexistence of the United States with Cuba that developed between the beginning of the John F Kennedy administration and the Cold War détente of the mid 1970s It is revealed that due to the US global commitments related to the Cold War and the risk of confrontation with the Soviet Union the political approach of Washington to the Fidel Castro's Cuba constituted a perpetuated condition of suspense between war and peace Despite the failure of both the US hostile policies and diplomatic dialogue with Castro the mutual tension remained under control of recurrent crisis management course Ultimately the US attempts to discipline and moderate Cuban policies led to an actual political coexistence between the two countries establishing a long term dynamics of the US attitude toward Cuba for the following decades By combining a historical approach with political and international analysis through broad reference to primary sources the study offers an insightful investigation of the global processes affecting the U S Cuban dynamics of political coexistence This volume will be of great value to those studying American history 20th century history international relations and political science across North America Europe and other parts of the world **Fidel Castro Handbook** George Galloway, 2006 In the year that Fidel

Castro turns eighty this is a fresh look at his life from childhood through his dramatic conquest of power and his extraordinary charismatic leadership of Cuba over forty seven years including sharply focused takes on the guerrilla struggle in the Sierra Maestra life with the Soviet Union involvement in Third World politics and survival in the face of the hostility of the United States just ninety miles away The author has researched archives from Havana London Washington and Madrid and concluded original interviews with Fidel Castro s contemporaries in Cuba and throughout the world that provide fascinating insights into his personality and achievements

The Cuban Missile Crisis, 1962, 1990 Castro's Cuba, Cuba's Fidel Lee Lockwood, 2003-06-30 Mr Lockwood s exciting book holds many surprises for the reader who has seen the Cuban reality up to now only through the distorting prism of propaganda During Mr Lockwood s latest 14 week visit to Cuba in 1965 he had a seven day marathon conversation with Fidel the transcription of which with excellent photographs constitutes the heart of the book A first rate psychological document this book is also an historical one in that it contains information necessary to the understanding of several conversational questions such as the priority given agriculture in the development of the Cuban economy the dissension between Moscow and Havana or even the intellectual road by which Castro came to Marxism Moreover it provides particulars up to now unknown Claude Julien The New York Times Book Review Lockwood gives us crowds posters individual studies Fidel in every possible mood the cities farms country towns most of Cuba is in the photographs Lockwood s text consists mainly of excerpts from several interviews he got from Fidel in 1965 In one way or another Fidel touches on all the events of crucial importance from the beginning of the insurrection until 1965 and the interviews thus become an explanation of the revolution that we badly need Jose Yglesias The New Republic The author s questions to Fidel are tough and penetrating and they elicited the same kind of answers The lively record deserves and encourages serious study K G Jackson Harper s Magazine Given the paucity of scholarly work on contemporary Cuba and the difficulty of visiting the island the photographs interview materials and interpretations of this gifted journalist must go high on the reading list of anyone professional or lay person who maintains a serious interest in Cuban affairs and in that most dramatic and important of twentieth century Latin American leaders Fidel Castro Richard Fagan Hispanic American Historical Review

Fencing with Fidel and Other Tales of Life in the Foreign Service John Ferch, 2014-04-11 Fidel Castro described Ambassador John Ferch as very intelligent but dangerous Ferch tell the American people that I m serious he insisted The ambassador was given messages to take back to Washington Ferch the Comandante Fidel wants you to tell the President that we are revolutionaries not narcotraficantes Mr Ambassador you ve got to stop him the Honduran president Scatter my ashes upon the River Plate as a pox forever upon Argentina And so run the misconceptions of American diplomatic power depicted in this hilarious and sometimes serious recounting of 30 years in the Foreign Service From Argentina through Latin America and across to the Caribbean Ambassador Ferch pursued our foreign policy with Latin American society at all levels Attempted bribery by Dominican politicians admissions of inconsistencies by Mexican diplomats

evidence of misconstrued machismo dealing with suspicious indigenous peoples both enlivened his days and warmed his heart Fencing with Fidel is not a typical diplomatic memoir While he discusses and explains foreign policy Ferch is more interested in showing the very human aspects of life in the Foreign Service He demonstrates that it is not a craft that you could learn or practice in his home town of Toledo Ohio Both would be entrants to the craft and those interested in how the Latin and the Yankee actually interact on the ground will find Fencing with Fidel enlightening and enjoyable Ferch uses his career to explore the culture of Latin America and to explain the unusual pressures under which our diplomats work Most episodes are treated lightly and with humor because he found the Foreign Service rewarding and enjoyable Some are handled more seriously befitting the policy difficulties he faced The book also stresses the important and difficult role played by spouses in a Foreign Service career

The Selling of Fidel Castro William E. Ratliff, 1987-01 *Inside Cuba* Canadian Broadcasting Corporation, 1985

The City Creative Michael H. Carriere, David Schalliol, 2021-04-18 In the wake of the Great Recession American cities from Philadelphia to San Diego saw an upsurge in hyperlocal placemaking small scale interventions aimed at encouraging greater equity and community engagement in growth and renewal But the projects that were the most successful at achieving these lofty ambitions weren t usually established by politicians urban planners or real estate developers they were initiated by community activists artists and neighbors In order to figure out why The City Creative mounts a comprehensive study of placemaking in urban America tracing its intellectual history and contrasting it with the efforts of people making positive change in their communities today Spanning the 1950s to the post recession 2010s The City Creative highlights the roles of such prominent individuals and organizations as Jane Jacobs Christopher Alexander Richard Sennett Project for Public Spaces and the National Endowment for the Arts in the development of urban placemaking both in the abstract and on the ground But that s only half the story Bringing the narrative to the present Michael H Carriere and David Schalliol also detail placemaking interventions at more than 200 sites in more than 40 cities combining archival research interviews participant observation and Schalliol s powerful documentary photography Carriere and Schalliol find that while these formal and informal placemaking interventions can bridge local community development and regional economic plans more often than not they push the boundaries of mainstream placemaking Rather than simply stressing sociability or market driven economic development these initiatives offer an alternative model of community led progress with the potential to redistribute valuable resources while producing tangible and intangible benefits for their communities The City Creative provides a kaleidoscopic overview of how these initiatives grow and sometimes collapse illustrating the centrality of placemaking in the evolution of the American city and how it can be reoriented to meet demands

for a more equitable future
