Without Smoking Gun:

No Smoking Gun Patrick E. Robertshaw, 2012-08 The Story of the Kirkheaton Police Killings Huddersfield 1951 Written by a retired judge and former barrister No Smoking Gun tells for the first time the full story of the murder of two police officers engaged in an undercover operation to bring to justice local poultry farmer and successful part time burglar Alfred Moore The horrific nature of the crime shocked the town in 1951 The possibility that justice miscarried and that the wrong man was hanged for a crime of which he was innocent haunts the town to this day The survival of one of the officers for just a few hours following the shooting enabled the prosecution to hold a bedside identification parade and take the evidence on oath of the dying officer without effective challenge in the absence of legal representation for the suspect The strategy was one unique in the annals of criminal justice and effective in sending Moore to the gallows on the February morning in 1952 when the nation awoke to news of the death of its King The author convincingly calls into question whether in the haste to avenge a dastardly crime the denial of the fundamental human right to challenge evidence said to be decisive of guilt led on this occasion to justice miscarrying

Douglass,2010-10-19 THE ACCLAIMED BOOK NOW IN PAPERBACK with a reading group guide and a new afterword by the author At the height of the Cold War JFK risked committing the greatest crime in human history starting a nuclear war Horrified by the specter of nuclear annihilation Kennedy gradually turned away from his long held Cold Warrior beliefs and toward a policy of lasting peace But to the military and intelligence agencies in the United States who were committed to winning the Cold War at any cost Kennedy s change of heart was a direct threat to their power and influence Once these dark Unspeakable forces recognized that Kennedy s interests were in direct opposition to their own they tagged him as a dangerous traitor plotted his assassination and orchestrated the subsequent cover up Douglass takes readers into the Oval Office during the tense days of the Cuban Missile Crisis along on the strange journey of Lee Harvey Oswald and his shadowy handlers and to the winding road in Dallas where an ambush awaited the President s motorcade As Douglass convincingly documents at every step along the way these forces of the Unspeakable were present moving people like pawns on a chessboard to promote a dangerous and deadly agenda **United States of America V. policies deconstructed for public consumption Relevant information is buried deep inside newspapers and gaping holes can be found in many stories in short obvious and important questions remain unasked The lack of questions from reporters led to a misunderstanding of the facts by the American public and consequently to their support of policies based on misinformation Polls have revealed that more than half of Americans believe mistruths about the war in Iraq and world terrorism Many including members of the media say the press has failed to do its job Very few news reports filled in the basic blanks the who what where when and whys about U S foreign policy the USA Patriot Act the administration s insistence on the need for secrecy and more power the truth about weapons of mass destruction in Iraq and the necessity of sending our soldiers to topple another country s dictator throwing an already tenuous region into dangerous imbalance Very few reports are filling in those blanks now

Mary E. Glantz,2005 Throughout his presidency Franklin Roosevelt was determined to pursue a peaceful accommodation with an increasingly powerful Soviet Union an inclination reinforced by the onset of world war Roosevelt knew that defeating the Axis powers would require major contributions by the Soviets and their Red Army and so despite his misgivings about Stalin s expansionist motives he pushed for friendlier relations Yet almost from the moment he was inaugurated lower level officials challenged FDR s ability to carry out this policy Mary Glantz analyzes tensions shaping the policy stance of the United States toward the Soviet Union before during and immediately after World War II Focusing on the conflicts between a president who sought close relations between the two nations and the diplomatic and military officers who opposed them she shows how these career officers were able to resist and shape presidential policy and how their critical views helped shape the parameters of the subsequent Cold War Venturing into the largely uncharted waters of bureaucratic politics Glantz examines overlooked aspects of wartime relations between Washington and Moscow to highlight the roles played by U S personnel in the U S S R in formulating and implementing policies governing the American Soviet relationship She takes readers into the American embassy in Moscow to show how individuals like Ambassadors Joseph Davies Lawrence Steinhardt and Averell Harriman and U S military attaches like Joseph Michela influenced policy and reveals how private resistance sometimes turned into public dispute She also presents new material on the controversial military attach lend lease director Phillip Faymonville a largely neglected officer who understood the Soviet system and supported Roosevelt s policy Deftly combining military with diplomatic history Glantz traces these philosophical and policy battles to show how difficult it was for even a highly popular president like Roosevelt to overcome such entrenched and determined opposition Although he reorganized federal offices and appointed ambassadors who shared his views in the end he was unable to outlast his bureaucratic opponents or change their minds With his death anti Soviet factions rushed into the policymaking vacuum to become the primary architects of Truman s Cold War containment policy A case study in foreign relations high level policymaking and civil military relations FDR and the Soviet Union enlarges our understanding of the ideologies and events
