

APA 7th Edition

What is APA?

- APA stands for American Psychological Association
- a way to document sources used within the paper

What does APA affect?

- formatting of the paper
- in-text citations within the paper
- Reference list at the end of the paper

Why should sources be documented?

Sources should be documented to

- give credit to other's work
- give the reader a way of verifying the information within the paper
- add strength (validity) to the information within the paper
- avoid *plagiarism*

How to use this booklet

This booklet contains information on many different aspects of the APA 7th edition. See the Table of Contents on the next page for the particular sections that you need to use to help you with your paper.

The word **plagiarism** comes from the Latin word *plagiarus*, meaning kidnapper.

Plagiarism is when a writer deliberately uses someone else's language, ideas, or other original (not common knowledge) material without its source.
