Working the Story Douglas Perret Starr, Deborah Williams Dunsford, 2014-01-14 *Working the Story* A Guide to Reporting and News

Writing for Journalists and Public Relations Professionals is far more than a textbook for students and newcomers to news reporting and public relations. It is an invaluable reference guide for professionals in both fields. Best of all, it follows its own teachings; it is concise and to the point, easy to read and clearly understandable. Unlike other works in the field, it does more than just offer advice to writers on how to write. It provides the background every reporter and public relations professional needs to do the job: from how governmental bodies work to how to cover a board meeting. Douglas Perret, Starr, and Deborah Williams Dunsford not only explain what to look for and how to write a news article but also offer advice on how news stories should be written for greatest impact or how to generate copy for different media types, from the printed page to the computer screen to the radio and television broadcast. Drawing on a lifetime of study and practice, Starr and Dunsford cover a vast array of topics: techniques for interviewing, covering and writing hard news stories, features, columns, and arts reviews; what public relations is, what it is not, and how it interrelates to newswriting and speech; ghostwriting and preparing corporate spokespersons for crises, briefings, and hostile interviews. Working the Story also includes eminently practical appendices on everything from keyboard shortcuts to common word definitions and usages in news reporting, from freelancing to applying for a job. Intended for beginners and seasoned professionals alike, Working the Story should sit near the keyboard of every student, every reporter, and every public relations officer and publicist.

Writing for Journalists
Wynford Hicks, Sally Adams, Harriett Gilbert, Tim Holmes, 2008-05-23. Praise for the first edition: There are books that are badly written, books that are well written, and books that you wish you'd written. This is one of the latter. Hicks and his co-writers produce a book that is a joy to read and is packed full of helpful advice. Chris Frost, Journalist. You don't have to be a journalist to read this book. Anyone with an interest in improving their writing skills and developing a sense of good style will find it useful. Wynford Hicks takes a no-nonsense, sleeves-rolled-up approach to writing which has no time for preciousness. Roy Johnson, Mantex. Writing for Journalists neatly fills a gap in the market for a no-nonsense book for trainees written by trainers who genuinely understand the industry and who have moved with the times. Sharon Wheeler, Journalism Studies. Writing for Journalists is about the craft of journalistic writing: how to put one word after another so that the reader gets the message or the joke, goes on reading, and comes back for more. It is a practical guide for all those who write for newspapers, periodicals, and websites, whether students, trainees, or professionals. This revised and updated edition introduces the reader to the essentials of good writing. Based on critical analysis of news stories, features, and reviews from daily and weekly papers, consumer magazines, specialist trade journals, and a variety of websites, Writing for Journalists includes advice on how to start writing and how to improve and develop your style; how to write a news story which is informative, concise, and readable; tips on feature writing, from researching profiles to writing product round-ups; how to structure and write reviews; a new chapter on writing online copy.
