*Successful Methods of Public Speaking* is a classic self help public speaking guide by Grenville Kleiser You can acquire valuable knowledge for use in your own public speaking by studying the successful methods of other public speakers This does not mean however that you are to imitate others but simply to profit by their experience and suggestions in so far as they fit in naturally with your personality As you carefully study the successful methods of public speakers as briefly set forth in this book you will observe that there is nothing that can be substituted for personal sincerity Unless you thoroughly believe in the message you wish to convey to others you are not likely to impress them favorably It was said of an eminent British orator that when one heard him speak in public one instinctively felt that there was something finer in the man than in anything he said Therein lies the key to successful oratory When the truth of your message is deeply engraved on your own mind when your own heart has been touched as by a living flame when your own character and personality testify to the innate sincerity and nobility of your life then your speech will be truly eloquent and men will respond to your fervent appeal
