The Hilton Assignment Patrick Seale, Maureen McConville, 1973 The Hilton Assignment [by] Patrick Seale and Maureen McConville Patrick Seale, 1973 **Private Military and Security Companies** Thomas Jäger, Gerhard Kümmel, 2009-04-23 Private Sicherheits- und Militärunternehmen erleben seit den 1990er Jahren einen außerordentlichen Boom und sind derzeit eines der spannendsten Phänomene in den internationalen Beziehungen. Die Palette der von ihnen angebotenen Dienstleistungen ist groß. Sie reichen von logistischer Unterstützung über Aufklärung bis hin zu Kampfeinsätzen. Zu ihren Kunden zählen Regierungen, Wirtschaftsunternehmen, internationale Organisationen, NGOs, humanitäre Organisationen sowie Privatpersonen. Gegenwärtig lässt sich an den Auseinandersetzungen im Irak sowohl die Aktualität wie auch die Brisanz ihres Einsatzes illustrieren. Gibt es doch Anzeichen dafür, dass Beschäftigte solcher Unternehmen auch in die Folterung von Gefangenen verwickelt sind. Die Beiträge des Sammelbandes aus der Feder nationaler wie internationaler Expertinnen und Experten beschreiben und analysieren verschiedene Typen von privaten Sicherheits- und Militärunternehmensleistungen und die Umstände, die ihren Boom befördert haben. Sie diskutieren die Vor- wie auch die Nachteile ihres Einsatzes und beschreiben Instrumente, die die Tätigkeit dieser Unternehmen stärker reglementieren und kontrollieren können. Federal Register, 1980-10-20 Corporate Soldiers and International Security Christopher Kinsey, 2006-06-07 This book traces the history of private military companies with a special focus on UK private forces. Christopher Kinsey examines the mercenary companies that filled the ranks of many European armies right up to the 1850s, the organizations that operated in Africa in the 1960s and early 1970s, the rise of legally established private military companies in the late 1970s and early 1980s, and today's private and important actors in international security and post-conflict reconstruction. He shows how and why the change from the mercenary organizations of the 1960s and 1970s came about as the increasing newness of private military companies came to be recognised. It then examines how PMCs have been able to impact upon international security. Finally, Kinsey looks at the type of problems and advantages that can arise for organizations that decide to use private military companies and how they can make a unique contribution to international security. Corporate Soldiers and International Security will be of great interest to all students of international politics, security studies and war studies. **Private Contractors and the Reconstruction of Iraq** Christopher Kinsey, 2009-09-10 Private Contractors and the Reconstruction of Iraq examines the controversial role of military contractors in the reconstruction of Iraq. When Operation Iraqi Freedom was launched in March 2003, few if any of the Coalition's political leaders could have envisaged that within a few months the number of private contractors engaged to keep the troops supplied would exceed their actual combat strength. This alternative army was not only to become the largest assemblage of contractors in living memory to accompany a military force into a war zone, but was also responsible for a fundamental transformation of how military logistics were delivered. This book explains how and why the US and UK governments became so dependent upon military contractors.

during the war in Iraq It also examines the ramifications this new dependency will have on future military operations as the conflict in Iraq has shown that private contractors are now indispensable to the attainment of both the military and political objectives of war Finally the book discusses what advantages and disadvantages these companies have brought to the reconstruction of Iraq and what lessons need to be learned from this experience This book will be of great interest to students of military and strategic studies Middle Eastern politics and international security and as well as policymakers and military professionals Christopher Kinsey is a lecturer in international security at King s College London Defence Studies Department at the Joint Services Command and Staff College Shrivenham His previous publications include *Corporate Soldiers and International Security The Rise of Private Military Companies* Routledge 2006
