## **There Were Days Like That:**

**There Were Giants on the Earth in Those Days... and Also After That** Roberta Sams, 2015-01-26 What I appreciate about *There Were Giants on the Earth in Those Days and Also After That* is that it is not only intelligible but is enjoyable to read. It doesn't require the reader to know a lot about eschatology but provides them a learning experience as the author has done extensive research and study to uncover the mysteries of the Bible which has all the answers. It tells what is going to happen in the future. The book deals with how Lucifer was cast out of heaven when he rebelled against God and how sin first entered into the world in the garden of Eden. It shows how Satan has battled against God and His plan to provide salvation through faith in Jesus Christ. Subjects like giants in the land, the flood, false religions, Islam, secret societies, UFOs, and others are discussed. The Federal Reserve and HAARP by which they are trying to control the weather, the Rapture, the new world order, the mark of the beast, and the Antichrist are all dealt with according to the Word of God. I recommend the entire book be read in order to experience the benefits of the author's laborious efforts to cover the past, the present, and the future of our world. Rev. David Lathrem, associate pastor, Lee Boulevard Baptist Church. *Some Days There's Pie* Catherine Landis, 2025-09-23 Ruth Ritchie elopes with a stereo salesman thinking that she has found her ticket out of Summerville, Tennessee, where her future means selling pies at Durwood's Hardware. But Chuck gets religion and Ruth, who cherishes her freedom more than safety, buys a used car and heads north. When Ruth faints from hunger at a North Carolina five and dime, Rose, a feisty elderly reporter, rescues her. A friendship stronger than family ties blossoms for all her bravado, unsentimental Ruth can never quite disguise her need for a mother's love. In Ruth, Rose finds someone who refuses to see old age as a handicap and gives her life new purpose. With spirited humor and empathy, Landis beautifully intertwines the unforgettable stories of Rose in stubborn denial of lung cancer and Ruth, who possesses the energy and conviction of Rose in her younger days. **The Human Side of Changing Education** Julie M. Wilson, 2018-04-18 Make change humanly possible. Today's schools know they must make problem solving, collaboration, self-directed learning, and creativity an integral part of the school's DNA, but they don't always know how. When we ask schools to change, we are asking human beings to change. This requires special tools and a human-centered approach. In *The Human Side of Changing Education*, leaders will learn to make sense of their challenging change journeys and accelerate effective implementation. With this practical framework that includes human-centered tools, resources, and mini case studies, readers will learn to navigate and succeed on their unique path of change. Understand why resistance is to be expected and how to get through it. Discover three different kinds of change strategies and when to use which one. Learn how to use the messy middle of change where real transformation happens. Change the heart of the system by enabling the hearts and minds of those who make schools work. Julie Wilson is both a visionary and a pragmatist. Her book is a wonderfully clear and concise guide for leaders who seek to navigate the road to educational transformation. Tony Wagner, Author *The Global Achievement Gap* and *Creating Innovators*. If you want to

understand what it takes to create innovative and lasting change then forge ahead with *The Human Side of Changing Education* and bravely create your own hero's journey This is a valuable guide with practical advice and real life examples to support you in this very complicated and challenging work Ann Koufman Frederick Chief Academic Officer LearnLaunch Institute MAPLE If everyone working in U S K 12 education were to read this book and put even half of its thinking into practice we would be well on our way to a far better society It is timely visionary and relentlessly practical a rare combination Discover what our future could look like if enough of us dare to make it happen Andy Calkins Director Next Generation Learning Challenges at EDUCAUSE
