## **Understanding Asean:**

**Understanding ASEAN** Alison Broinowski, 1982      **Understanding ASEAN's Role in Asia-Pacific Order** Robert Yates, 2019-03-25 This book assesses the important role of the Association of Southeast Asian Nations ASEAN in the management of regional political security and economic relations The author argues that ASEAN's prominent role in the region spanning 50 years is largely due to the acquiescence of the great powers who endorsed ASEAN accepted its regional position and accorded the institution a legitimacy and durability that otherwise it would not have This text offers a key intervention into the debate regarding ASEAN and regional order by showing how ASEAN's contribution to order management is part of a negotiated division of labour with the great powers The author applies an innovative social roles analysis which captures the dynamic interactions between ASEAN and the great powers from the Cold War to the present day

**Explaining ASEAN** Shaun Narine, 2002 Is ASEAN the foundation of a strong regional community in Southeast Asia Or is it no more than an instrument used by its members to advance their individual interests Addressing these questions Shaun Narine offers a comprehensive political analysis of ASEAN from its creation in 1967 through the events of 2001 Reflecting both the accomplishments and the limitations of the organization Explaining ASEAN explores issues of regional security economic stability and the growing expectations of the international community Narine's trenchant analysis makes it clear that unless ASEAN can resolve the problems of inadequate resources and disagreements among the member states its future as an effective active international regime is doubtful

**Understanding ASEAN**, 2018 The Association of Southeast Asian Nations ASEAN was originally formed in 1967 by five members as a means to promote peaceful relations and prevent the spread of communist influence within their sovereign states Since then the regional organization has doubled in size and now includes communist states amongst its membership as it seeks to establish itself as a strong economic and political hub for the greater region as two large military powers China and the United States vie for hegemonic influence The American presence in the region must be governed by a firm understanding of ASEAN's unique nature and goals When compared to other regional organizations that formed over similar time periods such as the European Union ASEAN has not taken a cohesive path with less of a firm timeline for integrating institutions as it instead continues to reshape its policies in small iterative steps to evolve to the changing world If our existing paradigms of the role of regional organizations do not match with the structure of ASEAN we must establish a new toolset in order to guide future policies for involvement in the region This thesis seeks to provide a clear description and thus understanding of the institutions and behavior of ASEAN as a regional organization The questions posed include whether ASEAN conforms to the institutional and behavioral predictions of the major paradigmatic approaches to international theory namely realism liberalism and constructivism The thesis begins with a brief history of ASEAN over four distinct phases and an overview of regional organizations and international theory The three dominant theories are then analyzed in their application to ASEAN in the areas of security economics and human

rights Conclusions are drawn that each of the three theories has its value for descriptive insight but all fall short in creating a holistic understanding of ASEAN Therefore I propose a new way of describing ASEAN as a reactive isomorphic and anti fragile regional organization The potential of this approach is that it utilizes tools latent in the existing theories to examine ASEAN s nature **ASEAN's Foreign Relations** Ma Irăcēntiran,1985 *ASEAN's Ways* Alice Darlene Ba,2000

**Understanding the ASEAN: ASEAN, Association of South East Asian Nations** ,2007\* *Regionalism in Asia* See Seng Tan,2009 Especially since the Cold War research relating to international relations in Asia has grown exponentially and to make sense of what is now a vast and unwieldy corpus of literature this collection from the Critical Issues in Modern Politics series brings together the best and most influential work in the field **Understanding ASEAN Through Its Great Leaders** ,2017 **ASEAN's Changing Priorities** David Eric Fass,1990 **Philippine Foreign Policy Toward the U.S. 1972-1980** Virginia S.
