The BBC's Legacy in Africa Albert Sharra,Jimmy Kainja,Anthony Mavuto Gunde,2025-08-19 This book critically examines the historical and ongoing influence of the British Broadcasting Corporation BBC on African broadcasting tracing its colonial roots through to its post colonial legacy The book details how in the 1930s the BBC established radio transmitter sites in East and Central Africa thereby positioning itself as a model for broadcasting in British colonies and beyond Grounded in a decolonial perspective the book then explores the evolution of African radio structures funding models editorial policies and programming strategies In the post colonial era the BBC continued to train equip and support African broadcasters while maintaining a strong presence through African focused programming Some nations fully embraced the BBC model while others developed hybrid broadcasting systems integrating British local and transnational influences Beyond historical analysis the book interrogates the BBC s enduring influence on African media examining how contemporary local broadcasters negotiate adapt or resist its legacy A nuanced exploration of these dynamics provides critical insights into the intersection of colonial era institutions and contemporary African media landscapes This book is an essential resource for scholars and researchers in media and communication studies African studies and decolonial studies offering a comprehensive understanding of the BBC s role in shaping African broadcasting

Community Practice in the Network Society Peter Day,Doug Schuler,2004-08-02 Around the world citizens in local communities are utilising ICTs to underpin the creation of a participatory and democratic vision of the network society Embedded in the richness and diversity of community practice a vision of a civil network society is emerging A society where ICTs are harnessed as tools to improve the quality of life and reflect the diversity of social networks where people are viewed as citizens not just as consumers and where heterogeneity is perceived as a strength rather than a weakness Community Practice in the Network Society looks at the broad context in which this is happening presents case studies of local projects from around the world and discusses community ICT research methodologies Not only does it highlight the symbiotic relationship between community ICT practice and research but it also provides evidence supporting the case for the development of more inclusive and participatory pathways to the network society

Python for Data Analysis Dr. Katta Padmaja,Imran Wadkar,Dr. Uma Patil,Dr. J. world datasets to build a strong foundation in Python based data analysis making it an ideal resource for both beginners and professionals aiming to deepen their data skills in Python's versatile ecosystem Educational Survey League of Nations. Secretariat,1929 *Popular Religion in America* Erling T. Jorstad,1993-04-22 The enormous growth of evangelicalism is one of the major developments in recent American life Like other scholars Jorstad acknowledges that evangelicalism has grown because it is theologically attractive But Jorstad also attributes the growth of the evangelical movement to its relationship with American popular culture According to the author the evangelical movement was able to integrate populist democratic traditions with a cultural inclusiveness a mastery of high technology and a willingness to use mass media to spread its views The book contains three sections The first traces the development of evangelical subculture between 1960 and 1990 The second part discusses the evangelical movement and social and individual values The third part explores popular religion and the media The book considers the involvement of evangelicals in popular religion the appeal of popular religion to many but not to all evangelicals the similarities between popular religion and more traditional religious organizations and the means by which evangelicalism effectively utilizes the many genres and styles of popular culture Radio Broadcast ,1925

Understanding Broadcast Journalism Stephen Jukes,Katy McDonald,Guy Starkey,2017-11-21 Understanding Broadcast Journalism presents an insightful exploration of broadcast journalism today its characteristics motivations methods and paradigms The authors balance discussions of industry practice with critical examinations of content across television radio and associated multiplatform journalism They highlight key issues including ownership and shifting regulatory environments the revolutionary role of user generated content and digital convergence and coverage of global issues by rolling news services Chapters include a brief history of broadcasting an overview of recent commercial challenges in the news industry and the impact on television news current trends in the running of local radio stations with particular focus on the rise of hubbing the ethics of broadcast journalism the significance of international broadcasters including the BBC CNN and Al Jazeera The book identifies how the dissemination of broadcast journalism is evolving whilst also arguing for the continued resilience of this industry now and in the future making the case that journalistic storytelling remains at its most effective in broadcast environments Professional journalists and students of media studies and journalism will find this a timely and thought provoking intervention which will help to inform their professional practice and research
