Key, Carol Scott, 2006-12 Christian education in the local church has too often been looked upon as nothing more than an activity In many instances there is no goal purpose or structure Many times teachers have little or no training Many are put into leadership roles because there is no one else available for the job Sunday school is simply something we do before the worship meeting yet we are told in the scriptures to ateach all nationsa and to amake disciples a We simply must teach to change lives In A Blueprint for Christian Education the structure for Sunday school is considered similar to building a house There must be a plan the crew has to be selected and evaluations must occur in the building process Authors Donald W Key and Carol Scott give us an in depth look at how the church can build a more effective Christian education ministry *The Christian Philosophy of Education Explained* Stephen

Pazmino,2002-04-29 Principles and Practices of Christian Education shows teachers how they can use two important principles that stand behind all evangelical practices to make their education program stand out from all the others in its nurture of students First evangelical Christian education recognizes the need for conversion personal and corporate transformation that reconnects people to their Creator Second evangelical Christian education strives for connection making contact with people as unique individuals who live in a particular society and who need to know more about scripture In this book Christian education students learn that the work for which they prepare is a partnership with God to transform people Their central task is worship but through it and other activities they lead others to faith commitment and transformation of communities **Introduction to Biblical Christian Education** Werner C. Graendorf,1981 **Against the Tide** Carl Herbster,Randy Hurst,2011-09 Young people are surrounded by media militantly attacking biblical virtue and values The goal of Christian education is still to present every man perfect in Christ but postmodernism declares that there is no one right way to live In the midst of this conflict many Christian school leaders are surrendering lowering their expectations in order to bring in more students tolerating an atmosphere which works against the basic purpose for which the schools were founded Against the Tide calls the Christian education movement back to its mission The ideas offered in this book are thoroughly practical The authors have effectively implemented these principles in their Christian schools More important these ideas are thoroughly biblical in their understanding of the role of Christian education and in particular of the Christian school in helping parents to develop Christlike character in young people A Guide to Understanding Classical Christian Education Timothy Dernalan,2021-08 This book answers common questions about classical Christian education in the areas of history philosophy Christianity classical terms grammar logic rhetoric parenting graduates government involvement and quotations It is intended to benefit individuals who are new to the classical Christian education movement as well as those who have been involved in classical Christian education for several decades Having a shared understanding of answers to common
