*Paul R. Pintrich*

**Tom, Who Keeps Up with Assignments.** Tom is a first-year student at a community college. He also works part-time to help pay for his tuition. He is very organized and uses a schedule book to keep track of his work and course schedule. He may miss class occasionally because he was working late the night before, but he always gets the notes from other students and talks to the faculty member about what he missed in class. He keeps track of his course assignments in his notebooks and always turns in his work on time. His grades
