Crimes That Changed Our World Paul H. Robinson,Sarah M.

Robinson,2018-06-15 Can crime make our world safer Crimes are the worst of humanity s wrongs but oddly they sometimes trigger improvement in our lives Crimes That Changed Our World explores some of the most important trigger cases of the past century revealing much about how change comes to our modern world The exact nature of the crime outrage reform dynamic can take many forms and Paul and Sarah Robinson explore those differences in the cases they present Each case is in some ways unique but there are repeating patterns that can offer important insights about what produces change and how in the future we might best manage it Sometimes reform comes as a society wrestles with a new and intolerable problem Sometimes it comes because an old problem from which we have long suffered suddenly has an apparent solution provided by technology or some other social or economic advance Or sometimes the engine of reform kicks into gear simply because we decide as a society that we are no longer willing to tolerate a long standing problem and are now willing to do something about it As the amazing and often touching stories that the Robinsons present make clear the path of progress is not just a long series of course corrections sometimes it is a quick turn or an unexpected lurch In a flash we can suddenly feel different about present circumstances seeing a need for change and can often just as suddenly do something about it Every trigger crime that appears in Crimes That Changed Our World highlights a societal problem that America has chosen to deal with each in a unique way But what these extraordinary and sometime unexpected cases have in common is that all of them describe crimes that changed our world

Godfather 1972 the stories behind some of the greatest films ever made pale beside the story of the studio that made them In the golden age of Hollywood Paramount was one of the Big Five studios Gulf Western s 1966 takeover of the studio signaled the end of one era and heralded the arrival of a new way of doing business in Hollywood Bernard F Dick reconstructs the battle that reduced the studio to a mere corporate commodity and traces Paramount s devolution from freestanding studio to subsidiary first of Gulf Western then of Paramount Communications and currently of Viacom CBS Dick portrays the new Paramount as a paradigm of today s Hollywood where the only real art is the art of the deal In modern Hollywood former merchandising executives find themselves in charge of production on the assumption that anyone who can sell a movie can make one CEOs exit in disgrace from one studio only to emerge in triumph at another Corporate raiders vie for power and control purchasing and selling film libraries studio property television stations book publishers and more The history of Paramount is filled with larger than life people including Billy Wilder Adolph Zukor Sumner Redstone Shari Redstone Sherry Lansing Barry Diller Michael Eisner Jeffrey Katzenberg and more *Tracking King Tiger* José Angel Gutiérrez,2019-11-01 Reies Lopez Tijerina one of the Four Horsemen of the Chicano Movement led the land grant struggle by Hispanos in the 1960s to recover the lands granted to their ancestors by Spain and Mexico and then guaranteed by the Treaty of Guadalupe
