Family Tree David L. Howells,2002-04 Young Love Bonnie Parsons,2019-12-03 *Young Love An Adoptee s Memoir* describes the author s lifelong innate curiosity about her adoption She was born in Catherine Booth Hospital in Montreal Quebec Canada and relinquished into foster care by her birth mother at six weeks Adopted and raised in a family with love and support she nevertheless became frustrated not knowing anything about her biological family and her heritage and further frustrated when she learned what it means to have a closed adoption As a young mother she finally decided to ask for answers and began a 35 year search for her birth parents The story unfolds with non identifying information library research internet research and DNA Adoption search angels provide invaluable assistance and encouragement Bonnie Parsons style is open and fresh She shares her love for both her adoptive and biological families This memoir will inform and inspire adoptees who are searching The answers are out there Never give up Vanessa's Niece H Horace Broomes,2019-04-15 The psyche of Jacob Brougham insofar as it concerns women has been deeply affected by a certain type of characteristics seemingly possessed by each of his three grandmothers and his own mother all of whom he loves and respects and mistrusts and the wife of his favorite primary school teacher He and Shirley Wilson growing up in one of Tobago s numerous tiny littoral villages at a relatively tender age become lovers Shirley is younger than he is and he is at once delighted and alarmed at the skill and experience she displays He asks her about it and discovers that it is a gift of her primary school teacher a man who would in time rise to the heights of headmaster and senior member of the church board She is open and honest about her sexual grooming and even accepts it as a wrong done to her but she is strangely forgiving of the man This latter response troubles Jacob deeply Still he bears in mind that in the village where sex and religion are the vital forces but sex is never spoken of he too has been groomed More Shirley must certainly know he has been groomed and by whom As hard as that would be he must try not to be squeamish As their relationship grows Jacob finds that whatever shortcomings Shirley may have she is not devious a characteristic with which his mind has come willy nilly liberally to endow all women To make matters worse for his head she has proved to be loyal trustworthy loving and industrious Yet it is Shirley s pregnancy that settles matters In its infancy the marriage is however ruined before it can get time to find its feet Even she while professing her undying love for him stoically agrees that the divorce is inevitable Still in a vow there and then whispered to herself she determines that their next marriage will be a proper and well planned one and will happen in a church And Shirley keeps her vow **Caring for the People of the Clouds** Jonathan Yahalom,2019-04-04 In rural Mexico people often say that Alzheimer s does not exist People do not have Alzheimer s because they don t need to worry said one Oaxacan explaining that locals lack the stresses that people face over there that is in the modern world Alzheimer s and related dementias carry a stigma In contrast to the way elders are revered for remembering local traditions dementia symbolizes how modern families have forgotten the communal values that bring them together In *Caring for the People of the Clouds* psychologist Jonathan

Yahalom provides an emotionally evocative story rich analysis of family caregiving for Oaxacan elders living with dementia Based on his extensive research in a Zapotec community Yahalom presents the conflicted experience of providing care in a setting where illness is steeped in stigma and locals are concerned about social cohesion Traditionally the Zapotec or people of the clouds respected their elders and venerated their ancestors Dementia reveals the difficulty of upholding those ideals today Yahalom looks at how dementia is understood in a medically pluralist landscape how it is treated in a setting marked by social tension and how caregivers endure challenges among their families and the broader community Yahalom argues that caregiving involves more than just a response to human dependency it is central to regenerating local values and family relationships threatened by broader social change In so doing the author bridges concepts in mental health with theory from medical anthropology Unique in its interdisciplinary approach this book advances theory pertaining to cross cultural psychology and develops anthropological insights about how aging dementia and caregiving disclose the intimacies of family life in Oaxaca
