Paul Jeffers, 2009-05-05 The crux of the fighting was the place I headed for General J Lawton Collins Known as the GI s general and Lightning Joe General J Lawton Collins played no less than a global part in the Allied victory of World War II Here for the first time is the story of an American hero and patriot a man who earned the admiration of the grunts with whom he shared foxholes and the respect of the highest ranking generals Collins was a true leader of men with his iron clad devotion to duty his genuine concern for those under his command and his seemingly unending drive to defend his nation against all enemies no matter where the fight took him **The GI Offensive in Europe** Peter R. Mansoor, 1999 The German Wehrmacht was one of the most capable fighting forces the world has ever known but in the end it was no match for the Allies Some historians contend that the Allies achieved victory through brute force and material superiority But as Peter Mansoor argues all of the material produced by US industry was useless without trained soldiers to operate it a coherent doctrine for its use and leaders who could effectively command the formations into which it was organized **All American, All the Way** Phil Nordyke, 2010-11-10 On Sunday September 17 1944 the 82nd Airborne Division jumped into history with the First Allied Airborne Army in a daring daylight parachute and glider borne assault to capture key bridges at the start of Operation Market Garden Following weeks of heavy combat in Holland the All Americans the name of the division in World War I when Sgt Alvin York was one of its soldiers were withdrawn from the frontlines for a well deserved rest which was almost immediately interrupted by the Battle of the Bulge where they once again found themselves in the thick of the action a position that remained familiar to them for the rest of the war Following VE Day the 82nd became part of the Allied forces occupying Berlin *House documents* , 1889 More Than Courage Phil Nordyke, 2008-10-21 Drawing on many oral and unpublished written accounts from veterans of the 504th Parachute Infantry Regiment Phil Nordyke brings the history of the regiment to life conveying with remarkable immediacy and power what it was like to be there This is history as it was lived by the men of the 504th from their pre war coming of age in the regiment through the end of World War II when they marched in the Victory Parade down Fifth Avenue in New York The 504th earned three bronze stars for their parachute wings one for each of their combat jumps **Exploring World History through Geography** Julie Crea Dunbar, 2022-09-29 Not your run of the mill world history tome this book takes readers on a fascinating journey through time to examine world history through the closely related discipline of geography **The Ways of Life** Mrs. Oliphant (Margaret), 1897 The History of the 33rd Division, A. MacDonald,2014-08-15 Includes 26 maps and 92 illustrations The American armies that absorbed the shock of the German counteroffensives in the Ardennes and Alsace in the winter of 1944 45 were the most powerful and professional that the United States had yet put in the field That this was the case was abundantly demonstrated as the final campaign to reduce Nazi Germany to total defeat unfolded The campaign was remarkably varied As it gathered momentum in the snows of the Ardennes and the mud and pillboxes of the West Wall the fighting was often as bitter as any that had gone before among the hedgerows of Normandy and the hills and forests of the German frontier Yet the defense which the Germans were still able to muster following the futile expenditure of lives and means in the counteroffensives was brittle The campaign soon evolved into massive sweeps by powerful Allied columns across the width and breadth of Germany That the Germans could continue to resist for more than two months in the face of such overwhelming power was a testament to their pertinacity but it was a grim tragedy as well To such an extent had they subjugated themselves to their Nazi leaders that they were incapable of surrender at a time when defeat was inevitable and surrender would have spared countless lives on both sides It was a dramatic campaign the sweep of four powerful U S armies to the Rhine the exhilarating capture of a bridge at Remagen assault crossings of the storied Rhine River including a spectacular airborne assault an ill fated armored raid beyond Allied lines the trapping of masses of Germans in a giant pocket in the Ruhr industrial region the uncovering of incredible horror in German concentration camps a dashing thrust to the Elbe River juncture with the Russians and a Wagnerian climax played to the accompaniment of Russian artillery fire in the Führerbunker in Berlin The Works of Charles Sumner ...
