Ebook Virtual Collaboration:

Virtual Teams Terri R. Kurtzberg, 2014-03-28 To advance in today's workplace requires virtual team skills. Most individuals assume their face-to-face skills will translate, but competency with virtual communication and teamwork requires an entirely new set of skills. This book guides readers down the path to success. Electronic communication is now embedded in our daily experience, as is work involving off-site collaborators. Virtual communication has become an essential job skill that is critical to individual and group success, yet most people just muddle through it without giving it any thought. Drawing on decades of scientific research in the fields of psychology, organizational behavior, and sociology, this book explains how to master the art and science of communicating virtually. The author first analyzes the subtle but significant changes that result when conversations are moved online, providing examples and tips to avoid common pitfalls, then discusses how team behavior and decision making can best be guided in this realm. Readers will fully understand what makes teams click, what inspires trust, how to get a team off on the right foot, and what steps to take in order to make good collaborative decisions, as well as other key topics for virtual teamwork, such as best practices for working in the cross-cultural environment. The book serves as an ideal guide for anyone who participates in or manages a virtual team, but is also suitable as a supplemental textbook in a business school course on organizational behavior or business communication. Leading With Care in a Tough World Phillip G. Clappitt, Bob DeKoch, 2022-11 A new book from the authors of the highly praised Transforming Leaders into Progress Makers Leading with Care breaks new ground in the exploration of servant leadership Bob DeKoch and Phil Clappitt long time collaborators draw on their years of innovative practice and research to describe with vivid real world experiences how leading with care enriches people and transforms organizations in our challenging times DeKoch with over 40 years of diverse executive leadership experience which included 20 years leading The Boldt Company a 1 billion

construction services and real estate development company has developed novel insights into leadership thinking and practice. Clampitt, an endowed award-winning communication and information science professor at University of Wisconsin Green Bay, has over 40 years of experience in university teaching, ground-breaking research, and business consulting. His lifelong passion is to explore the dynamic relationship between leadership, communication, and big ideas. Gallup recently reported that only 15% of employees in the United States are truly engaged in their workplace. Yet nearly 70% of employees say they would work harder if they felt more appreciated. Over 90% of employees surveyed believed their leadership lacked communication skills to lead. The gloomy stories behind sobering statistics reveal employees' disappointment with current leadership approaches. Leaders can do better. That's why the authors sought to go beyond the laudable sentiments of the servant leadership movement by envisioning, creating, and testing a new leadership platform based on a set of guiding beliefs and actual day-to-day practices. The authors' unique perspective transforms traditional practices like employee coaching and collaboration into dynamic, self-actualizing workplaces. How? By sharing how caring leaders adroitly blend visible and subtle practices to realize the aspirational benefits of coaching and collaboration. The authors use a similar approach to share insights about less frequently discussed leadership issues, such as how to build an empowering network of relationships and transform pushback into progress. Anyone who wishes to craft their own distinctive, compelling, and empowering leadership style that unleashes the latent energy of people and their organizations will discover a robust and enriching framework for doing so in *Leading with Care in a Tough World*. This book offers a simple yet powerful promise: caring leaders can produce extraordinary outcomes. With extensive research and sparkling details, DeKoch and Clampitt reveal how leaders at all levels can enlist our basic humanity to bring out the best in their teams. Daniel H. Pink, #1 New York Times bestselling author of *The Power of Regret*, *When and How to Drive*, and *Leading with Care in a Tough World* is a masterful book. It is pragmatic, thought-provoking, and exceptionally well-written. Effective leadership today requires you to grapple with a broad range of variables. DeKoch and Clampitt provide a framework reinforced with real-world examples and self-assessment tools that will help you turn ideas into effective action. If you're a leader or aspiring to become one, I strongly recommend this book. Frank Sonnenberg, Award-winning author of nine books, including *Managing with a Conscience* and *The Path to a Meaningful Life*, unlocks the keys to successful leadership in *Leading with Care in a Tough World*. Filled with inspiring stories, practical advice, and years of tried-and-true methods, DeKoch and Clampitt will teach you how to be the leader of the future. An excellent read. Dr. Marshall Goldsmith is the #1 Thinkers50 Executive Coach and New York Times bestselling author of *Triggers*, *Mojo*, and *What Got You Here Won't Get You There*. How can we lead others and ourselves in an uncertain and fast-changing world? This humane, thoughtful, and practical new book shows the way. Dorie Clark, Wall Street Journal bestselling author of *The Long Game* and executive education faculty at Duke University Fuqua School of Business, provides brilliant insight into the realities of leadership. DeKoch and Clampitt expose the manipulations that pass for emotional intelligence and the toxicity of fake positivity. Grounded in the
