Taste For Death:

A Taste for Death P. D. James,1987 A mystery novel about a detective investigating the murder of two men whose bodies were found in a church

A Taste For Death P. D. James,2011-06-28 Two men lie dead in the vestry of a London church their throats cut with brutal precision One is Sir Paul Berowne rich cultivated and elegant the other is an alcoholic vagrant Challenged with the investigation of a crime that appears to have endless motives Adam Dalgliesh explores the sinister web spun around a half burnt diary and a violet eyed widow who is pregnant and full of malice all the while hoping to fill the gap of logic that joined these two disparate men in death

The Logic of Incarnation Neal DeRoo,Brian Lightbody,2009-01-01 With his Logic of Incarnation James K A Smith has provided a compelling critique of the universalizing tendencies in some strands of postmodern philosophy of religion A truly postmodern account of religion must take seriously the preference for particularity first evidenced in the Christian account of the incarnation of God Moving beyond the urge to universalize which characterizes modern thought Smith argues that it is only by taking seriously particular differences historical religious and doctrinal that we can be authentically religious and authentically postmodern Smith remains hugely influential in both academic discourse and church movements This book is the first organized attempt to bring both of these aspects of Smith s work into conversation with each other and with him With articles from an internationally respected group of philosophers theologians pastors and laypeople the entire range of Smith s considerable influence is represented here Discussing questions of embodiment eschatology inter religious dialogue dogma and difference this book opens all the most relevant issues in postmodern religious life to a unique and penetrating critique

Commentary on the New Testament from the Talmud and Midrash Hermann Strack,Paul Billerbeck,2023-02-01 Hermann L Strack and Paul Billerbeck s Commentary on the New Testament from the Talmud and Midrash originally published between 1922 and 1928 is an important reference work on understanding the New Testament in light of contemporary Jewish thought Originally published as Kommentar zum Neuen Testament aus Talmud und Midrasch it has been unavailable in English until now This first ever English translation brings the work to a new audience The commentary walks through each New Testament book verse by verse referencing passages from the Midrash and the Talmud and showing their relevance for situating the Bible in its cultural background While much research has been done on Second Temple Judaism since this work nothing has come close to replacing it This is truly an essential resource for academics students and pastors

Jacques Derrida's Aporetic Ethics Marko Zlomislić,2007-01-01 Derrida has been interpreted as a nihilist and relativist This study demonstrates that he has an ethics and a concern for religion that goes beyond the structures of the philosophical tradition

Death and the Afterlife in the New Testament Jaime

Clark-Soles, 2006-11-15 Clark Soles began this project in order to answer the question What exactly does the New Testament say about death and afterlife It turns out that it says both more and less than one might hope or expect By more she means that every time the subject of death and what happens after death arises it is clear that the authors interests far exceed answering that single question Their comments emerge from the concerns and experiences of living Christian communities they relate to a larger theological and pastoral agenda and their primary focus remains life on earth and the proper living of it The texts say less than one may hope because no author sets out to answer my question directly There is no systematic theology in the New Testament regarding death and afterlife Certainly resurrection appears throughout though differently emphasized and interpreted Beyond that the fascinating aspects of the question are in the details of the texts Therefore the appropriate question as it turns out is not What does the New Testament say about death and afterlife but what do various New Testament texts say about it Others have sought to unify the New Testament witness glossing over the individual pictures presented by the New Testament authors Clark Soles revels in the snapshots of the individuals and am less interested in the family photo Clark Soles inquires into the specific language that each author uses regarding death and afterlife She explores anthropology cosmology eschatology and where relevant theology and Christology Finally Clark Soles suggests ways that the stated views function in each situation

The Qur'an and the Aramaic Gospel Traditions Emran

El-Badawi, 2013-12-17 This book is a study of related passages found in the Arabic Qur'an and the Aramaic Gospels i.e. the

Gospels preserved in the Syriac and Christian Palestinian Aramaic dialects It builds upon the work of traditional Muslim scholars including al-Biq'ā'ī ca. 808-1460 and al-Suyūṭī 911-1505 who wrote books examining connections between the Qur'an on the one hand and Biblical passages and Aramaic terminology on the other as well as modern western scholars including Sidney Griffith who argue that pre-Islamic Arabs accessed the Bible in Aramaic The Qur'an and the Aramaic Gospel Traditions examines the history of religious movements in the Middle East from 180-632 CE explaining Islam as a response to the disunity of the Aramaic speaking churches It then compares the Arabic text of the Qur'an and the Aramaic text of the Gospels under four main themes: the prophets, the clergy, the divine, and the apocalypse Among the findings of this book are that the articulator as well as audience of the Qur'an were monotheistic in origin, probably bilingual, culturally sophisticated, and accustomed to the theological debates that raged between the Aramaic speaking churches Arguing that the Qur'an's teachings and ethics echo Jewish-Christian conservatism, this book will be of interest to students and scholars of Religion, History, and Literature
