Memoria(S) Congreso Panamericano de Ferrocarriles,1913 **Reglamento para gobierno de los empleados en el Departamento de Explotación** Ferrocarril de Sonora,1902 **Anarchism and Syndicalism in the Colonial and Postcolonial World, 1870-1940** Steven Hirsch, Lucien van der Walt,2010-11-11 Before communism anarchism and syndicalism were central to labour and the Left in the colonial and postcolonial world Using studies from Africa Asia Eastern Europe and Latin America this groundbreaking volume examines the revolutionary libertarian Left s class politics and anti colonialism in the first globalization and imperialism 1870 1930 *In Defiance of Boundaries* Geoffroy de Laforcade, Kirwin R. Shaffer,2017-11-07 Choice Outstanding Academic Title State of the art yet accessible analyses that significantly expand understanding of the role of anarchism in Latin America Will long be a standard text that provides an important reference for scholars and students of labor and social movement history Choice A vivid picture of the transnational nature of the anarcho syndicalist anarchist movement *Anarcho Syndicalist Review* A pioneering collection of essays on the world of anarchists anarcho syndicalists and libertarian thinkers in Latin America Barry Carr coeditor of *The New Latin American Left Cracks in the Empire* An important contribution to a recent trend which sees anarchism not as derived from a European center but as a genuine Latin American phenomenon Bert Altena coeditor of *Reassessing the Transnational Turn Scales of Analysis in Anarchist and Syndicalist Studies* Thoughtful well researched and well written As a collection this goes a long way to furthering our understanding not just of anarchism in Latin America but of anarchism more generally Mark Leier author of *Bakunin The Creative Passion* In this groundbreaking collection of essays anarchism in Latin America becomes much more than a prelude to populist and socialist movements The contributors illustrate a much more vast differentiated and active anarchist presence in the region that evolved on simultaneous transnational national regional and local fronts Representing a new wave of transnational scholarship these essays examine urban and rural movements indigenous resistance race gender sexuality and social and educational experimentation They offer a variety of perspectives on anarchism s role in shaping ideas about nationalism identity organized labor and counterculture across a wide swath of Latin America *Networking Peripheries* Anita Say Chan,2024-05-21 An exploration of the diverse experiments in digital futures as they advance far from the celebrated centers of technological innovation and entrepreneurship In *Networking Peripheries* Anita Chan shows how digital cultures flourish beyond Silicon Valley and other celebrated centers of technological innovation and entrepreneurship The evolving digital cultures in the Global South vividly demonstrate that there are more ways than one to imagine what digital practice and global connection could look like To explore these alternative developments Chan investigates the diverse initiatives being undertaken to network the nation in contemporary Peru from attempts to promote the intellectual property of indigenous artisans to the national distribution of digital education technologies to open technology activism in rural and urban zones Drawing on ethnographic accounts from government planners regional free software advocates

traditional artisans rural educators and others Chan demonstrates how such developments unsettle dominant conceptions of information classes and innovations zones Government efforts to turn rural artisans into a new creative class progress alongside technology activists efforts to promote indigenous rights through information tactics plans pressing for the state wide adoption of open source based technologies advance while the One Laptop Per Child initiative aims to network rural classrooms by distributing laptops As these cases show the digital cultures and network politics emerging on the periphery do more than replicate the technological future imagined as universal from the center

The German Political Foundations As Actors in Democracy Assistance Alexander Mohr, 2010 In Germany political foundations Stiftungen play an important role in shaping civil society through political democracy education The foundations however have also committed themselves to strengthening democratic political and societal structures abroad Their joint mission abroad is the contribution to democratic structures information and debate in the countries and regions they are working in They complement the official German foreign policy but choose their own priorities and strategies The focus of this thesis is the German political foundations as actors in democracy assistance Democracy assistance focuses less on the aspects of technical assistance but much more on political parties and the promotion of civil society as the backbone of democracy Democracy assistance is a relatively recent international development activity of governments and international organizations In recent years the international community has come to realize the importance of political parties and a well functioning political party system for the process of democratisation Here the German political foundations are working internationally as actors in democracy assistance independent from the German government but at the same time fully state funded The objectives of this dissertation are to understand the work and strategies of the German political foundations as actors in the context of democracy assistance abroad research their partner spectrums on selected countries to identify their short comings and to give an outlook of the foundations work in the future in the fast changing global political environment
