and realized my dream of becoming an adventuring philosopher I m not a theorist in the business of making generalizations The tactics and tools presented here are for rigorous practitioners ethical hedonists and open minded self experimenters I may sound like quite the pompous pontificator but I ll offer no apologies because storytelling is the best way to impart the unconventional mindset that saved me from mediocrity and the biohacks that enabled me to defy my selfish genes If you re bored with the tired problem generalization platitude strategy formula that most self help books follow you ll enjoy this memoir of adventures failures and unexpected successes across three continents I ll share with you some powerful tools for transformation Biohacking smart drugs flowstate red pill mindset and more with which I ve managed to pack several lifetimes worth of peak experiences into a single decade *Biohacking With Energy* Monis, Biohacking With Energy, 2023-09-08 Dive into a captivating journey of intellectual exploration and discover the profound connections between science mythology and the enigmatic forces that shape our reality The acclaimed author of *Beyond Breath* Monis takes you on an extraordinary expedition Prepare to be enthralled as you embark on a transformative quest In this thought provoking book Monis unravels the secrets of biohacking our body with the help of Energy Prepare to have your mind expanded and your worldview challenged Monis offers a radically new perspective on the nature of reality and human existence itself Prepare to be captivated by his discerning mind and relentless pursuit of truth This book is a must read for those who seek to expand their understanding of biohacking through energy Grab your copy today and unlock the secrets that lie at the nexus of science mythology and esoteric knowledge Dive into a captivating journey of intellectual exploration and discover the profound connections between science mythology and the enigmatic forces that shape our reality The acclaimed author of *Beyond Breath* Monis takes you on an extraordinary expedition Prepare to be enthralled as you embark on a transformative quest In this thought provoking book Monis unravels the secrets of biohacking our body with the help of Energy Prepare to have your mind expanded and your worldview challenged Monis offers a radically new perspective on the nature of reality and human existence itself Prepare to be captivated by his discerning mind and relentless pursuit of truth This book is a must read for those who seek to expand their understanding of biohacking through energy Grab your copy today and unlock the secrets that lie at the nexus of science mythology and esoteric knowledge
