The Future of Work in Non-Profit and Religious Organizations: Current and Future Perspectives and Concerns Antonio Ariza-Montes, Gabriele Giorgi, Horacio Molina-Sánchez, Javier Fiz Pérez, 2021-01-20

Artificial Intelligence and the Future of Work: Humans in Control Ekkehard Ernst, Janine Berg, Phoebe V. Moore, 2024-10-01

Artificial Intelligence AI is rapidly advancing in areas such as pattern detection classification and prediction which were long thought to be the exclusive realm of humans These developments are triggering excitement about the potential of AI but are also raising concerns about possible risks The versatility of AI and its speed of development have led to a wide range of applications both in personal and professional environments The most dramatic effects are however in the world of work AI is impacting job loss and employability and causing a transformation of tasks in a range of occupations and sectors It is also affecting other aspects of the labor market such as recruitment performance monitoring and dismissal As such the development and implementation of AI are raising concerns about the future of work both in terms of its mere existence and quality with critical implications for the social fabric as well as future development prospects

New Professionalism and the Future of Work: Interdisciplinary Perspectives on Transformations in Business-Health Relationships Gabriele Giorgi, Nicola Mucci, Annamaria Di Fabio, Antonio Ariza-Montes, 2020-01-02

The Green New Deal and the Future of Work Craig Calhoun, Benjamin Y. Fong, 2022-08-30

Catastrophic climate change overshadows the present and the future Wrenching economic transformations have devastated workers and hollowed out communities However those fighting for jobs and those fighting for the planet have often been at odds Does the world face two separate crises environmental and economic The promise of the Green New Deal is to tackle the threat of climate change through the empowerment of working people and the strengthening of democracy In this view the crisis of nature and the crisis of work must be addressed together or they will not be addressed at all This book brings together leading experts to explore the possibilities of the Green New Deal emphasizing the future of work Together they examine transformations that are already underway and put forth bold new proposals that can provide jobs while reducing carbon consumption building a world that is sustainable both economically and ecologically Contributors also debate urgent questions What is the value of a federal jobs program or even a jobs guarantee How do we alleviate the miseries and precarity of work In key economic sectors including energy transportation housing agriculture and care work what kind of work is needed today How does the New Deal provide guidance in addressing these questions and how can a Green New Deal revive democracy Above all this book shows the Green New Deal offers hope for a better tomorrow but only if it accounts for work's past transformations and shapes its future

Handbook of Research on Future of Work and Education: Implications for Curriculum Delivery and Work Design Ramlall, Sunil, Cross, Ted, Love, Michelle, 2021-10-08

Higher education has changed significantly over time In

particular traditional face to face degrees are being revamped in a bid to ensure they stay relevant in the 21st century and are now offered online The transition for many universities to online learning has been painful only exacerbated by the COVID 19 pandemic forcing many in person students to join their virtual peers and professors to learn new technologies and techniques to educate Moreover work has also changed with little doubt as to the impact of digital communication remote work and societal change on the nature of work itself There are arguments to be made for organizations to become more agile flexible entrepreneurial and creative As such work and education are both traversing a path of immense changes adapting to global trends and consumer preferences The Handbook of Research on Future of Work and Education Implications for Curriculum Delivery and Work Design is a comprehensive reference book that analyzes the realities of higher education today strategies that ensure the success of academic institutions and factors that lead to student success In particular the book addresses essentials of online learning strategies to ensure the success of online degrees and courses effective course development practices key support mechanisms for students and ensuring student success in online degree programs Furthermore the book addresses the future of work preferences of employees and how work can be re designed to create further employee satisfaction engagement and increase productivity In particular the book covers insights that ensure that remote employees feel valued included and are being provided relevant support to thrive in their roles Covering topics such as course development motivating online learners and virtual environments this text is essential for academicians faculty researchers and students globally

Socio-Economic Disparities, Vulnerable Communities, and the Future of Work and Entrepreneurship Rolle, JoAnn Denise, Crump, Micah, 2023-06-21 While many scholars governments and corporations have expressed that they would like to play a hand in developing an inclusive and equitable society few have achieved the goal Vulnerable communities around the world have suffered systemically and have been left on their own to succeed economically despite decades of disadvantage It is essential to consider these communities and their sociological and systemic factors when considering the future of work in order to succeed in developing a truly sustainable and equitable society Socio Economic Disparities Vulnerable Communities and the Future of Work and Entrepreneurship discusses the journey of vulnerable communities in the pursuit of entrepreneurship It further investigates the strategies and action that governments and organizations can take to cultivate an inclusive environment within the future of work Covering topics such as economic agency equitable access and affirmative action this premier reference source is an excellent resource for policymakers government officials non profit organizations business leaders and executives human resource managers economists students and faculty of higher education researchers and academicians

The Fall of the Euro: Reinventing the Eurozone and the Future of Global Investing Jens Nordvig, 2014 From Jens Nordvig named the 1 currency strategist in the 2013 Institutional Investor survey What does the crisis in the Eurozone mean for our markets and how can you protect your portfolio against crises in Europe Little has been written about the instability of the Euro but it s a very real threat to investors worldwide as well as to the global economy Swings in global asset markets have been increasingly driven by developments in Europe This is something new in the past Europe was one of the most stable parts of the global economy and its typically minor economic fluctuations would have little

bearing on US equity markets Now Europe s economic and political developments will be a persistent source of shocks for global financial markets As an investor you need a roadmap This book is that roadmap The Fall of the Euro describes the Eurozone s unstable equilibrium and explains why a breakup of the Eurozone is still a possibility Nomura s global head of currency strategy and one of the world s top experts on the Euro Jens Nordvig gives us a detailed and fascinating explanation of this precarious situation providing the information insight and authoritative analysis you need to make the wisest investment decisions possible A riveting analysis of one of the most important currencies in the world certainly the most unstable of the major currencies The Fall of the Euro covers The history of the Euro and how it differs from other global currencies The problematic origins of the Euro which is grounded more in politics than economics How politics will affect the next crisis in the Eurozone and what we can do about it What if scenarios of Eurozone breakup possibilities with insights that will surprise you The original version of the Euro was not resilient enough to survive a major crisis European policymakers are attempting to construct a new version of the currency but its specific form remains highly uncertain Will it be a hard currency Will it be a soft currency Or will it break up If the path ahead involves a disorderly breakup of the Eurozone the instability to come will be much more intense than what we have seen to date Go beyond the rhetoric of the politicians and the journalists who write about them and get a financial expert s assessment of the real issues at hand Jens Nordvig explains the state of the Euro s present position in the global economy with levels of objectivity and expertise you will find nowhere else The Fall of the Euro gives you the critical information you need to prepare your investments before the next crisis in the Eurozone which is in Nordvig s view inevitable Praise for The Fall of the Euro Nordvig brings a keen insight into markets and economics that he ably combines with a brisk no nonsense narrative This is essential reading for market players investors and prognosticators of the future of the eurozone Richard Clarida C Lowell Harriss Professor of Economics and International Affairs Columbia University Global Strategic Advisor Pimco Jens Nordvig s book artfully combines a master economist s framework a seasoned market participant s advice an historian s far reaching perspective and a European citizen s passionate case for an open discussion of the way forward for the world s largest economic bloc Scott Bessent Chief Investment Officer Soros Fund Management LLC Jens Nordvig was one of the first to analyze the economic legal and political consequences of the euro splitting asunder Whether or not you share his pessimism about the future of the euro project Nordvig s guide to the crisis is a compelling and essential read Gavyn Davies Chairman of Fulcrum Asset Management LLP former Goldman Sachs Chief Economist In this bold highly readable book Jens Nordvig beautifully highlights the tensions between the politics and the economics that are at the heart of the euro crisis A must read for anyone who cares about the future of Europe Anil Kashyap Edward Eagle Brown Professor of Economics and Finance University of Chicago Booth School of Business I learned much from The Fall of the Euro and I thoroughly recommend it Simon Wolfson CEO of Next plc and sponsor of the Wolfson Economics Prize Needs to be read by all those demanding brave policy from Europe s timid elite Tom

Keene Editor at Large Bloomberg Television Host of Bloomberg Surveillance *Strategic Business Forecasting: A Structured Approach to Shaping the Future of Your Business* Simon Ramo, Ronald Sugar, 2009-03-07 A helpful read not just for corporate strategists but for almost anyone looking ahead Los Angeles Times What's Your Next Big Move At the turn of the century Western Union passed on the chance to dominate the telephone industry Later General Electric concluded that a new invention called television was doomed to fail And very recently decision makers at the highest level were taken off guard when the global economy dropped from under their feet and took their companies with it Today only those business leaders with the power of long term foresight will seize and hold true competitive advantage But can managers really predict the future Yes to a greater extent than one might expect Strategic Business Forecasting shows how to identify and quantify possible events that may affect your business Applying creativity personal experience and the lessons of history you can use such forecasting to develop plans that will help your organization compete Drs Simon Ramo and Ronald Sugar two giants of the aerospace industry share their Four Measures Rating system to help you explore the world of possibilities thoroughly and systematically Under their tutelage you will be equipped to Create a comprehensive list of possible scenarios concerning your business Utilize a scoring system to rate each scenario's merit as a serious and useful prediction Develop an effective plan that strategically shapes the future of your organization The authors provide vivid illustrations of the Four Measures system at work with real world examples of both forecasting failures and successes No one can predict perfectly and the authors don't promise magic With the approach described in Strategic Business Forecasting however you can ensure your organization is better poised to seize future opportunities avoid pitfalls and handle anything the increasingly volatile global economy throws your way [The Truth Machine: The Blockchain and the Future of Everything](#) Michael J. Casey, Paul Vigna, 2018-03-22 From the authors of the fascinating The Age of Cryptocurrency comes the definitive work on the Internet's next big thing the blockchain *Leadership for future of work: 9 ways to build career edge over robots with human creativity* Dickson Tang, 2017-12-30 Future of work requires a new way of leadership with creativity a key differentiator between humans and robots in the workplace We are facing a big challenge with robots and automation happening in workplaces jobs will be lost and work activities automated The earlier you accept this transformation the earlier you adapt to this change and manage your career Whether you are an employee or business owner you have to move up the value chain quickly and focus on creative and innovative output which is more difficult for robots to replicate Regardless of industries future workplaces require leaders who are creative and innovative Future leaders need to focus on The 3i's individual mindset infrastructure ideas mastering 9 essential leadership and career skills to edge over robots This book is written for you if You are paranoid about the future You want to invest and prepare yourself so that you and your businesses will survive and thrive in the future You want to figure out how to lead in the future Disregard it at your peril If you plan to be relevant in a digitally connected world then you need to read this book Simon Cocking Senior Editor at Irish Tech News Leadership has

been disrupted by the future of work Dickson's book brings this guiding principle to light R Ray Wang Principal Analyst Founder Constellation Research Inc
