Battlefields of the World War, Western and Southern Fronts Douglas Wilson Johnson, 1921 Battlefields of the World War Douglas Wilson Johnson, 1921 Battlefield Events Keir Reeves, Geoffrey R. Bird, Laura James, Birger Stichelbaut, Jean Bourgeois, 2015-10-16 Battlefield Events Landscape Commemoration and Heritage is an investigative and analytical study into the way in which significant landscapes of war have been constructed and imagined through events over time to articulate specific narratives and denote consequence and identity The book charts the ways in which a number of landscapes of war have been created and managed from an events perspective and how the processes of remembering along with silencing and forgetting at these places has influenced the management of these warscapes in the present day With chapters from authors based in seven different countries on three continents and comparative case studies this book has a truly international perspective This timely longitudinal analysis of war commemoration events the associated landscapes travel to these destinations and management strategies will be valuable reading for all those interested in war landscapes and events Battlefield Tourism Chris Ryan, 2007 This book will be of interest to tourism researchers generally but also to those researchers in the areas of cultural studies military histories social human geographers and historical geographers

less well known than their much publicized counterparts and many more now long forgotten but nonetheless important to the fate of the nation The American Civil War has over a century and a half taken on a new appeal The stories of individual heroism desperate battles and great men have passed into legend Today all that remains to remind us of those dreadful days so long ago are a few acres carefully set aside and dedicated to the memory of those who died there quiet places where one can be alone close to the men whose names ring out as clearly today as they did in the throes of fearful conflict Lee Jackson Sherman Grant and a hundred more The battles that helped to shape the nation continue to hold our attention Every year thousands of people flock to the one time killing fields to watch as the generals and their armies meet again in realistic re enactments of those terrible contests The Eastern United States from Washington to Key West from Savannah to Kansas City contains a wealth of Civil War sites and military parks They are all pleasant spots where one can go to spend an hour or two away from the hustle and bustle of city life or a quiet afternoon out with the kids Unfortunately very few of the people who do take the time to visit these magical places have any real idea of their significance and they know even less of the monumental events that took place there It is hoped that this book will help to change all that Within these pages you will find the stories behind some of our nation s battlefield parks and historic sites many well known others less familiar and some that are well off the beaten path By telling the story of the action as it took place by bringing back to life many of the principle characters and by the telling of the deeds they performed while under the greatest stress imaginable I hope to make your visits to these special places much more enjoyable and rewarding You will I hope leave them with the feeling that your afternoon in the sunshine was much more than a simple picnic and that you are a little richer for the experience The book is designed as a guide to your chosen Field of Glory Read it as you tour the battlefield Ponder the great events that took place there events that surely changed the face of our nation Covers the battles of Manassas Fort Donelson Shiloh Stones River Antietam Fredericksburg Chancellorsville Gettysburg Vicksburg Chickamauga and Lookout Mountain
