Merkle, 1961 [The Message of a Master](#) John McDonald, 2018-11-08 There is a great unchanging Universal Law which when we cooperate with it intelligently makes us absolute masters of conditions and environment Can you not recall instances when you have secretly expressed a desire within yourself for some particular thing or that you might meet a particular person when shortly that thing becomes your possession or that person appears and you might exclaim Isn t it a coincidence I was thinking of you just this morning It is no coincidence at all Not at all strange It was the natural outcome of the operation of definite law from The Message of a Master If you talk to people who are experienced with the Law of Attraction and metaphysical works there are a few books they always bring up as important and classic Think and Grow Rich The Master Key the writings of James Allen One book you may not hear but is as powerful as the others is The Message of a Master Master is one of the very best and most powerful works of New Thought The book tells us about Universal Law and the power of focus and visualization in a practical way with instructions that make it easy to apply in your everyday life But Master has been available mostly in an edited form Here is the original unedited 1929 classic version of The Message of a Master The book is short but one of the most powerful books on metaphysics ever written Change your life with Universal Law and Visualization **The Message of the Master** Marion Gibb Merkle, 2011-10-01 Preface By Henry Eyring William P Miller Wilford M Burton And Leland H Monson *The Message of a Master* John McDonald, 2014-03-13 The Message of A Master clearly shows us how we can harness the forces within to achieve health vitality and prosperity This is the story of a miraculous change that takes place in a man after he meets a true master of life He learns and shares with us secret teachings that allow him to develop his powers so that he can accomplish anything he desires The Message of A Master shows us how to accomplish our desires and live our deepest dreams It gives not only the theory but the actual practices necessary to become absolute masters of our lives The following pages are the result of a series of notes collected and set down in the form of a story and a system of practice which accounts for the style of arrangement The sequential order as originally received has been carefully adhered to that its value to the reader might not be lessened Read it as though it were a message directed to none but yourself Try to reason out each proposition to your

own satisfaction and to get the spirit back of the words Then apply its teachings to fit your own individual nature and understanding During your perusal of these pages should any ideas occur to you concerning your work or ambitions it is well to lay the book aside for a few moments and meditate upon them Many profitable ideas have come to readers in this way
