[The Treasure Train](#) Arthur Reeve, 2018-04-25 Sometimes I heard the doctor venture I think it is aconite but the symptoms are not quite the same Besides I don't see how it could have been administered There's no mark on him that might have come from a hypodermic no wound not even a scratch He couldn't have swallowed it Suicide is out of the question But his nose and throat are terribly swollen and inflamed It's beyond me

The Treasure Train Arthur B Reeve, 2015-02-08 She said it with an assurance that made me wonder It was only then that I recollected that it had been one of the excuses for printing her picture in the society columns of the Star so often that the pretty daughter of the president of the Continental was being ardently wooed by two of the company's younger officials Granville Barnes himself was one The other was Rodman Lane the young general manager I wished now that I had paid more attention to the society news Perhaps I should have been in a better position to judge which of them it was whom she really had chosen As it was two questions

presented themselves to me Was it Barnes And had Barnes really been the victim of an attack or of an accident **The Treasure Train (Classic Reprint)** Arthur B. Reeve,2015-07-11 Excerpt from The Treasure Train I Am not by nature a spy Professor Kennedy but well sometimes one is forced into something like that Maude Euston who had sought out Craig in his laboratory was a striking girl not merely because she was pretty or because her gown was modish Perhaps it was her sincerity and artlessness that made her attractive She was the daughter of Barry Euston president of the Continental Express Company and one could readily see why aside from the position her father held she should be among the most sought after young women in the city Miss Euston looked straight into Kennedy s eyes as she added without waiting for him to ask a question Yesterday I heard something that has made me think a great deal You know we live at the St Germaine when we are in town I ve noticed for several months past that the lobbies are full of strange foreign looking people About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Jefferson Davis's Flight from Richmond John Stewart,2014-12-24 In the space of a few hours on the night of April 2 1865 Richmond the Confederate capital was evacuated and burned the government fled slavery was finished in North America Union forces entered the city and the outcome of the Civil War was effectively sealed No official documents tell the story because the Confederate government was on the run First there were newspaper accounts mostly confused then history books based on those accounts But much of what we know about the fall of Richmond comes from eyewitnesses like Confederate Navy Secretary Stephen Mallory whose tale became history A great deal of what has been presented over the years by historians has been plagiarized invented or misconstrued and nearly all we have learned of Jefferson Davis s flight from Richmond to Danville is wrong This book closely examines all relevant source material much of it newly discovered by the author as well as the writers diarists and eyewitnesses themselves and constructs a minutely detailed new account that comes closer to what Abraham Lincoln had in mind when he said History is not history unless it is the truth
