**Contagion and the Vampire** Simon Bacon,2023-08-10 This book examines how the vampire has always been connected to ideas of infection pollution and disease even more so in the 21st century where it expresses the horrors of unseen and unstoppable disease and the foreboding and anxiety that accompany viral outbreaks and wider epidemics Here the vampire gives physical form to the contagion and associated anxieties around the perceived causes and spread of disease where it can take on many forms from animal to pestilential particulate matter creeping shadows and even malignant weather systems If blood is life it is the body of the vampire that is death This timely study looks at how and why the vampire continues to fulfil this function and posits that the true patient zero in the 21st century is no longer the dangerous ancient outsider from the East but is the undying monster that is Western culture itself

*Worlds Gone Awry* John J. Han,C. Clark Triplett,Ashley G. Anthony,2018-08-22 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as The Lord of the Flies The Heart Goes Last The Giver and The Strain Trilogy as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in

which evil is purged and justice prevails *Incursion* M. D. Massey, 2015-05-24 Scratch Sullivan just wanted to survive the apocalypse in peace But when the undead bring their war right to his doorstep it s time to ranger up and rain hell down on his enemies *Incursion Vampire Apocalypse* THEM Post Apocalyptic Series Book Two It s been eight years since the bombs fell and the dead rose and the world has become a very dangerous place But unlike most folks former Army Ranger Scratch Sullivan is getting by just fine Sure it s hell on earth but Scratch seems to fit in He makes his living by hunting the dead vampires and zombies alike with the odd revenant thrown in for good measure It s not a bad life for a battle hardened spec ops soldier And to this point he s been content with how things turned out But now some vamp says the undead are about to attack the safe zone settlements Scratch protects Maybe it s a load of bull maybe not But it s been too damned quiet and Scratch s intuition tells him it s time to check things out for himself So he s headed into the badlands where no one s safe to see if that vamp was blowing smoke or if a war is coming And if it s war they want it s war they ll have Because after eight long years of rebuilding what was lost Scratch ll be damned if he lets them take back what humankind reclaimed **The Global Vampire** Cait Coker, Donald E. Palumbo, C.W. Sullivan III, 2020-01-10 The media vampire has roots throughout the world far beyond the shores of the usual Dracula inspired Anglo American archetypes Depending on text and context the vampire is a figure of anxiety and comfort humor and fear desire and revulsion These dichotomies gesture the enduring prevalence of the vampire in mass culture it can no longer articulate a single feeling or response bound by time and geography but is many things to many people With a global perspective this collection of essays offers something new and different a much needed counter narrative of the vampire s evolution in popular culture Divided by geography this text emphasizes the vampiric as a globetrotting citizen du monde rather than an isolated monster **Undead Apocalypse** Stacey Abbott, 2016-09-08 Explores the intersection of the vampire and zombie with 21st Century dystopian and post apocalyptic cinema Twenty first century film and television is overwhelmed with images of the undead Vampires and zombies have often been seen as oppositional one alluring the other repellant one seductive the other infectious With case studies of films like *I Am Legend* and *28 Days Later* as well as TV programmes like *Angel* and *The Walking Dead* this book challenges these popular assumptions and reveals the increasing interconnection of undead genres Exploring how the figure of the vampire has been infused with the language of science disease and apocalypse while the zombie text has increasingly been influenced by the trope of the areluctant vampire Stacey Abbott shows how both archetypes are actually two sides of the same undead coin When considered together they present a dystopian sometimes apocalyptic vision of twenty first century existence Key features Rather than seeing them as separate or oppositional this book explores the intersection and dialogue between the vampire and zombie across film and television Much contemporary scholarship on the vampire focuses on Dark Romance while this book explores the more horror based end of the genre Offers a detailed discussion of the development of zombie television Provides a detailed examination of Richard Matheson s *I Am Legend* including the novel the script the adaptations

and the BBFCs response to Matheson's script *Destiny* Celia Breslin, 2014-10-04 In HAVEN San Francisco nightclub owner Carina Tranquilli survives a vicious attack by her vampire family's longtime archenemies. Several weeks later, as she struggles with PTSD and survivor's guilt, supervillain Dixon resurfaces and kidnaps two of her best friends. To save them, Carina must comply with the evil bastard's unusual demands. The kicker? She must tell no one what she is up to. Meanwhile, she has a new dance club to open for the preternatural community, a fated soul mate acting secretive and distant, and a sexy new undead friend who'd love to take Alexander's place in her heart and bed. Blackmailed, betrayed, tempted, sometimes destiny has a wicked sense of humor.

Time on TV Lorna Jowett, Kevin Robinson, David Simmons, 2016-06-22 From early examples such as *Star Trek* and *Sapphire and Steel* to more contemporary shows including *Life on Mars* and *The Vampire Diaries*, time has frequently been used as a device to allow programme makers to experiment stylistically and challenge established ways of thinking. *Time on TV* provides a range of exciting, accessible yet intellectually rigorous essays that consider the many and varied ways in which telefantasy shows have explored this subject, providing the reader with a greater understanding of the importance of time to the success of genre on the small screen.

*Divine Horror* Cynthia J. Miller, A. Bowdoin Van Riper, 2017-06-07 From Rosemary's Baby (1968) to *The Witch* (2015), horror films use religious entities to both inspire and combat fear and to call into question or affirm the moral order. Churches provide sanctuary, clergy cast out evil, religious icons become weapons, holy ground becomes battleground, but all of these may be turned from their original purpose. This collection of new essays explores fifty years of genre horror in which manifestations of the sacred or profane play a material role. The contributors explore portrayals of the war between good and evil and their archetypes in such classics as *The Omen* (1976), *The Exorcist* (1973), and *Dracula Has Risen from the Grave* (1968) as well as in popular franchises like *Hellraiser* and *Hellboy* and cult films such as *God Told Me To* (1976), *Thirst* (2009), and *Frailty* (2001).

**Undead Apocalypse** Stacey Abbott, 2016-09-08 Explores the intersection of the vampire and zombie with 21st Century dystopian and post-apocalyptic cinema. Twenty-first century film and television is overwhelmed with images of the undead. Vampires and zombies have often been seen as oppositional: one alluring, the other repellant; one seductive, the other infectious. With case studies of films like *I Am Legend* and *28 Days Later*, as well as TV programmes like *Angel* and *The Walking Dead*, this book challenges these popular assumptions and reveals the increasing interconnection of undead genres. Exploring how the figure of the vampire has been infused with the language of science, disease, and apocalypse, while the zombie text has increasingly been influenced by the trope of the reluctant vampire, Stacey Abbott shows how both archetypes are actually two sides of the same undead coin. When considered together, they present a dystopian, sometimes apocalyptic vision of twenty-first century existence. Key features: Rather than seeing them as separate or oppositional, this book explores the intersection and dialogue between the vampire and zombie across film and television. Much contemporary scholarship on the vampire focuses on Dark Romance, while this book explores the more horror-based end of the genre. Offers a detailed discussion of the development of zombie

television Provides a detailed examination of Richard Matheson's *I Am Legend* including the novel, the script, the adaptations, and the BBFC's response to Matheson's script *Race, Gender, and Sexuality in Post-Apocalyptic TV and Film* Barbara Gurr, 2015-10-07 This book offers analyses of the roles of race, gender, and sexuality in the post-apocalyptic visions of early twenty-first century film and television shows. Contributors examine the production, reproduction, and re-imagining of some of our most deeply held human ideals through sociological, anthropological, historical, and feminist approaches **Allure of the Vampire** Corvis Nocturnum, 2009 The mere mention of vampires used to be enough to make people think of a nocturnal predator. But over the centuries, the vampire has changed from monstrous villain to sexual object for both men and women alike. *Allure of the Vampire* examines our intimate attraction to these beings in a detailed manner. Now join occult author Corvis Nocturnum as he reveals the fascinating evolution of this icon as it has lured and enticed us in folklore, film, and books from the days of ancient civilization to the living, breathing inhabitants of our modern subculture: the vampire community.

**The Four Horsemen of the Apocalypse** Vicente Blasco Ibáñez, Charlotte Brewster Jordan, 1919 *Vampire Apocalypse: Trail of Tears* Derek Gunn, 2014-04-11 On a cold and stormy evening, the small human settlement celebrates their survival. Not all of their number have returned, though, and it is a bitter-sweet celebration. The festivities are interrupted when an elite force of Carter's thralls finds their hidden home and attacks. The fallout from the nuclear plant is also creeping south with the prevailing winds, forcing the humans to abandon their home. While they prepare to leave, the weather worsens, and they are forced to abandon many of their belongings and trek miles to what they hope will be a better life. Carter now knows where they are, though, and mounts a huge offensive to destroy the human threat and gain possession of the new vampire-killing ammunition. Caught between the approaching thrall army, the violent storms, and the poisoned air, the humans make a desperate journey along the trail of tears. In California, Von Richelieu must reassert his authority over the cabals or lose everything. The small rebel band becomes more than a nuisance, and Von Richelieu puts plans in place to destroy them once and for all. The clock for the serum's deadly effects finally winds down, and humans die in their thousands. With food scarce and the vampires falling prey to their growing madness, the world falls closer to its apocalyptic end *Sexiest Vampire Alive* Kerrelyn Sparks, 2011-09-27 Who's the Sexiest Vampire Alive? Without a doubt, it's undead playboy Gregori Holstein, the dashing immortal hero of this witty, charming, and super-hot paranormal romance winner from *New York Times* bestseller Kerrelyn Sparks. Another fabulous entry in her *Love at Stake* series, which author Lynsay Sands, creator of the popular Argeneau vampire family novels, has called an absolute delight, the Sexiest Vampire Alive has met his match, and she's the beautiful, brave, and brainy daughter of the President of the United States whom Gregori must accompany on a dangerous secret mission to China. Kerrelyn Sparks does vampire romance to perfection, which is why she is up there at the very top with the other paranormal superstars like Sands, Katie MacAlister, and Mary Janice Davidson.
