## **The Christian Response:**

**The Christian Response** Michel Quoist,1965 This book was written in response to a strictly modern need It is an attempt to renew and reaffirm endangered spiritual values It is an outline of nothing less than a Christian attitude and the full Christian life But **The Christian Response** is not merely a manual a listing of virtuous advice By the author's own admission it is not to be taken as a complete guide to anything Instead it is intended as a series of practical contemporary meditations Perhaps the most refreshing thing about Father Quoist's book as readers of his *Prayers of life* will know is his acknowledgement of the importance of man's life in the world His Christian is a human being flesh and blood living in working in enjoying the world Men must suffer and struggle for a just world through political and social involvement This book constantly underlines man's essential unity each and all of his aspects must be satisfied in proper order He must live fully totally in the world and in Christ Publisher *A Quiet Revolution* John Perkins,1976 **Roman Defeat, Christian Response, and the Literary Construction of the Jew** David M. Olster,2015-09-28 Olster explores Byzantine Christian reactions to the catastrophic Persian and Arab invasions challenging long held assumptions that divided religious from secular literature and exempted religion from contemporary social political and intellectual discourse Allah Miroslav Volf,2011-02-15 Three and a half billion people the majority of the world's population profess Christianity or Islam Renowned scholar Miroslav Volf's controversial proposal is that Muslims and Christians do worship the same God the only God As Volf reveals warriors in the clash of civilizations have used religions each with its own god and worn as a badge of identity to divide and oppose failing to recognize the one God whom Muslims and Christians understand in partly different ways Writing from a Christian perspective and in dialogue with leading Muslim scholars and leaders from around the world Volf reveals surprising points of intersection and overlap between these two faith traditions What the Qur'an denies about God as the Holy Trinity has been denied by every great teacher of the church in the past and ought to be denied by Christians today A person can be both a practicing Muslim and 100 percent Christian without denying core convictions of belief and practice How two faiths worshipping the same God can work toward the common good under a single government Volf explains the hidden agendas behind today's news stories as he thoughtfully considers the words of religious leaders and parses the crucial passages from the Bible and the Qur'an that continue to ignite passion Allah offers a constructive way forward by reversing the our God vs their God premise that destroys bridges between neighbors and nations magnifies fears and creates strife

**Worldviews** Anthony J. Steinbronn,2007 Author Anthony Steinbronn examines the postmodern perspective that views the Christian church as only one of many brands in the ideological supermarket He critiques the position that Christianity no longer has ultimate truth but must take its place alongside numerous other religions How should Christians respond in this pluralistic age Steinbronn advocates that we need to know how different religions view the world humanity's reason for existence sin and its consequences and eternal life Armed with this knowledge Christians can communicate the truth of God's
