**MAJOR ARCANA TAROT CARDS' Secrets Esoterically Revealed** William John Meegan, 2020-01-17 Eucharist  
Delivered directly from the altar of Christ     Early American Proverbs and Proverbial Phrases Bartlett Jere Whiting, 1977 p B  
J Whiting savors proverbial expressions and has devoted much of his lifetime to studying and collecting them no one knows more about British and American proverbs than he The present volume based upon writings in British North America from the earliest settlements to approximately 1820 complements his and Archer Taylor s Dictionary of American Proverbs and Proverbial Phrases 1820 1880 It differs from that work and from other standard collections however in that its sources are primarily not literary but instead workaday writings letters diaries histories travel books political pamphlets and the like The authors represent a wide cross section of the populace from scholars and statesmen to farmers shopkeepers sailors and hunters Mr Whiting has combed all the obvious sources and hundreds of out of the way publications of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B Friedman What makes the work important is Whiting s authority a proverb or proverbial phrase is what BJW thinks is a proverb or proverbial phrase There is no objective operative definition of any value no divining rod his tact feel experience determine what s the real thing and what is spurious     New Dimensions/cube of Space , Hidden in a secret book of cosmology written in the ancient Hebrew tongue long forgotten but not lost by mankind is a description of a mysterious cube formed from the twenty two letters of the Hebrew alphabet This cube of letters is constructed of a center three interior dimensions six faces and twelve edges These twenty two components form the cube and also reveal a map that clearly shows where we have come from where we are now and where we are going in our evolutionary journey toward complete spiritual awakening In New Dimensions for the Cube of Space David Allen Hulse explains that this cube of letters cannot reveal its deepest secrets until it is clothed in the cards of the tarot creating a map of the cosmos referred to as the Cube of Space Then and only then can this mystical cube speak directly to our souls and show us the way or the true path of initiation we all must eventually travel He presents a fascinating description of how he attained his insights along with a clear exposition of the Cube of Space as a path of initiation Hulse illustrates his insights using the original B O T A tarot deck designed by Paul Foster Case The clear and simple imagery of this deck is very helpful for understanding every nuance of the symbolic material in the story of the soul s journey around the six faces of the cube However the popular Waite deck or any other Tarot deck can be used in studying the Cube of Space Included is the material needed for the construction of a model of the Cube of Space and Hulse recommends that the reader assemble this model as it will greatly facilitate a clear understanding of the symbolic meaning behind each of the of the twenty two directions of space delineated by the cube Includes a color insert for construction of your own Cube     **Tall Dark Stranger** Corrine Kenner, 2005 For centuries the love struck lovesick
